VOLUME 33

Kelowna, British Columbia, Thursday, November 26th, 1936

NUMBER 17

## Large Crew On Naramata Road

Welcome Reinforcements Received From Winfield And Packing Houses—First Car Reaches Deep Creek—Good Progress Made With Bridge And Grade Beyond

The working force on the Naramata road project received a most welcome accession of strength last Sunday when it was joined by some fifteen sturdy men from Winfield and a number of packing house employees, raising the total number at work during the afternoon to about sixty. The Winfield men were early on the job, bringing with them an ample supply of tools, with the aid of which they attacked the problem of the Deep Creek bridge to such good purpose that when the end of the day came the abutments had been put in place and the stringers laid ready for lagging or planking.

Mr. Harry Wilt, who has been one of the most active and indefatigable workers on the road since inception of construction, had the honour of driving the first car through to Deep Creek, in which he conveyed the tools of the Winfield men. It took some nifty driving and manual help was needed in narrow spots, so it is not recommended that other cars essay the trip yet, unless some of the sloping rock faces are blown out by next Sunday.

A large gang plied axes, mattocks, picks, shovels, sledge hammers and steel bars on the side hill grade south of Deep Creek and made a very good showing for the day, two hundred yards of roadway being constructed, although the work involved the removal of two large stumps and the demolition of a quantity of intruding rock without the use of explosives.

As an indication of the progress made, it was found more convenient to locate the commissariat for the making of coffee, over which Mr. Harry Chapin presided once more, at a point about three hundred yards south of Deep Creek instead of at Kelata Kabin, which has been the rendezvous for the lunch hour for several Sundays. Another good day's work should bring the grade to the bare, rocky flat at the "gate," where the only construction necessary for several hundred yards distance will be to take out a few boulders.

At the point where lunch was eaten last Sunday there is a nice little flat, which provides room for turning round and parking quite a number of cars, but the flat at the "gate" is much larger and when it is reached ample space will be available for manoeuvring cars.

It is hoped that other districts will follow the fine example set by Winfield and send contingents to push on the work before snow puts an end to further activities this year. Some organizations are more than doing their part. The Junior Board of Trade has been strongly represented every Sunday from the start and has also furnished work parties on several Thursday afternoons. Almost the whole directorate of the Kelowna Creamery, headed by their President, Mr. W. R. Powley, of Winfield, has figured in the pick and shovel brigade, and now the packing house employees are nobly doing their share. There is room for lots more, but they should bring tools, if at all possible, especially picks, mattocks and shovels.

Mr. R. G. Rutherford, Treasurer of the Okanagan Valley Highway Association, wishes to acknowledge with many thanks receipt of the following additional donations to the Naramata road construction fund: Previously acknowledged, \$264.10; Mr. and Mrs. S. M. Gore, \$5.00; Miss M. E. Smith, \$5.00; Mr. W. H. McDougall, \$7.50; total, \$277.10.

## BUILDERS APPROVE ASSESSMENT TOLL

Preliminary Steps For Advertising Campaign Are Taken

The Executive Committee of the Builders and Allied Trades Bureau under the Board of Trade, has approved of the assessments made to carry on the advertising campaign for the Home Improvements Plan under the Dominion Government scheme.

These assessments, if all collected, will realize over \$300 for advertising work, and notices have been sent out to the business men under the organization.

It was definitely decided to co-operate with Vernon and promote an advertising programme over Radio Station CKOV for a number of weeks. Penticton has since stated it will not co-operate.

Under the Home Improvements Plan, persons with steady employment and a good reputation may obtain short-term loans at the banks to remodel, repair and modernize their homes, duplexes, apartment houses or garages. This scheme has created considerable discussion among residents of Kelowna and district, and many persons are planning to take advantage of it.

## INDUSTRIES OF B.C. REVIEWED BY CHAMPION

Merchants Of Home Town Mainly Responsible For Fine City Visitor Believes

MILK IS EXPORTED  
Tribute Paid To Kelowna And Okanagan For Aiding Saskatchewan

It was an interesting feature of Mr. L. F. Champion's address to the Women's Institute of Kelowna last week, to hear of the many industries operating in this province. Mr. Champion, as Chairman of the B.C. Products Bureau of the Vancouver Board of Trade, carries on a most successful work, in contact with all types of industries, large and small, and also contacts businesses, no matter what size, in order to ascertain if they are purchasing B.C. products wherever possible.

Starting on his tour of B.C. factories, Mr. Champion told of knitted wear, where in one factory there are 250 workers. A working glove manufacturer employs another 45 and expects to double his capacity and staff at the first of the year because of the support of eastern Canada.

**Women And Their Hats**  
In speaking of women's hats, Mr. Champion remarked that none of those made in B.C. were sold under a trade name. They were sent to dealers, who put their own inscriptions on them, such as "Made in Paris," or "Made in New York," or "Montreal," for the average hat purchaser would not think of buying a chapeau only made in the same province.

For a moment Mr. Champion paused in his remarks to pay tribute to the Junior Board of Trade, which he believed was doing splendid work in Kelowna as well as in Vancouver. The old man said: "Don't try that, I tried it 20 years ago, and it won't work." The young man comes along and says, "He will try it anyway, and generally succeeds in putting over the proposition."

"There is a considerable drain on the public through mail order buying," Mr. Champion continued. "You housewives can get merchandise just as reasonable and as cheap right here in Kelowna. And besides you will have

(Continued on Page 10)

## PLACES LOSS ON FERRY AT \$4,000

Minister Of Public Works Asks Query In Provincial Legislature

In spite of the heavy traffic which crowds the Kelowna-Westbank ferry during the summer months, the government operates this valley link at a loss that averages in the neighbourhood of \$4,000 per year, according to information given by Hon. P. M. MacPherson, Minister of Public Works.

Hon. Mr. MacPherson was asked several questions regarding the operation of the ferry in the Legislature at Victoria recently.

The total amount collected by the ferry in the period from April 1, 1936, to October 31, 1936, was \$18,334.70, taking all items into consideration, including trucks, freight, passenger cars, individual passengers, etc.

During the year the ferry makes an average of 15 round trips per day. During that same period from April to October, of this year, salaries for the crew and officers amounted to \$9,167.25. Other expenses connected with the vessel's operation amounted to \$2,991. Interest, repairs and sinking fund presumably create the loss, which is placed at \$4,112.

## BRIDGE BUILT ON BEAVERDELL ROAD

Miners Make Good Job Of Structure And Extricate Car

Another instance in which the citizens of this section of the Province have taken road matters into their own hands was evidenced last week-end, when a group of mine workers from Beaverdell repaired a bridge on the Kelowna-Carmi road. An excellent bridge was constructed in about two and a half hours. Mr. J. B. Spurrier reports.

On Saturday night a California tourist car was stuck at this spot and the occupants had to spend most of the night there when they failed to get the car out. The Beaverdell miners assisted in extricating the auto.

Kelowna Elks Lodge held its November meeting as a supper gathering at the Royal Anne Hotel on Wednesday evening, just prior to their Hayseed Ball tonight.

Heavy Traffic Over New Bridge

A steady stream of traffic is seen in the picture as it flowed over the new San Francisco-Oakland bridge, the longest in the world, following the recent dedication ceremonies. The above scene is taken from Yerba Buena Island looking towards San Francisco.

## FIREMEN'S BALL SUCCESSFUL AFFAIR

About Three Hundred And Fifty People In Attendance

The fall social season was ushered in in grand style last Thursday evening, at the Royal Anne Hotel with the 21st annual Firemen's Ball. This function, which is the highlight of the year, attracted a large crowd of about 350 persons.

As usual, the refreshments were donated for this affair, and were of the high standard which has generally brought a considerable amount of commendation. Arrangements were conducted smoothly, and without a hitch.

Music was supplied by the Trail Commanders Orchestra, who provided a peppy rhythm for the dancing crowd.

Those in charge of the affair included: Refreshment Chairman, A. E. Cookson; Decorating Chairman, Cook Ryan; tickets and finance, D. E. McLennan; dance management, Len Leathley; advertising, W. Embrey.

## NURSES' TRAINING SCHOOL TO CLOSE

Mrs. Wilmot, Hospital Matron, Makes Announcement To Women's Auxiliary

The Hospital Women's Auxiliary is working hard to fully equip extra beds with linen and patients' ward garments. There was a large attendance at the November monthly meeting and everybody was kept busy arranging for the new cook book to be published shortly.

A most interesting address was given by Mrs. Wilmot, Matron, who, among other things, told the meeting that the training school for the Hospital is being closed. Members hoped that this will be for the benefit of the Hospital, as they felt that many local residents will look with regret upon this shutdown. This excellent work has been carried on so efficiently for many years that to close it will eliminate one more outlet for work at home for local girls.

## New Act Controls Disposal Of Fruit

Provincial Legislature Passes Amended Natural Products Marketing (B.C.) Act With Part Two To Regulate Handling And Transporting Within Province—Introduced At Eleventh Hour And Delays Proroguing Of House—W. E. Haskins Outlines Progress At Victoria

AFTER three weeks of strenuous executive work the Provincial Government has been convinced of the legality of its jurisdiction in the matter of controlling the disposal of the tree fruit crop within the boundaries of the province, and at the eleventh hour of the Legislature pushed through a bill which embodies a few amendments to strengthen the existing Natural Products Marketing Amendment Act as it applies to provincial trading only, and which also includes legislation which is deemed sufficient to control tree fruits before leaving the province.

This bill will not be proclaimed, it is announced, before the Privy Council passes a verdict on the Dominion legislation as embodied in the Natural Products Marketing Act.

The bill, which met with considerable opposition because of the lateness of its arrival, is divided into two sections, Part 1 and Part 2.

"Under Part 2," claims Mr. W. E. Haskins, B.C. Tree Fruit Board Chairman, "a Board will be set up which would regulate the time at which, and the agency through which, the product shall be packed, stored, kept, handled, or transported, or to prohibit any of these operations."

"There is nothing new in this principle," Mr. Haskins continued. "It is the same principle of British justice and democracy which rules other matters. The only difference is that we are applying an old principle of law to a new commodity. No one can take a shot-gun out in a crowded street and shoot it off. He may claim that it is his gun, but the majority of people say he cannot do such a thing, and if he does, he is penalized."

But the Provincial Government is treading softly in the matter of this second part of the new Provincial Act to control the tree fruits. If the Privy Council says that the Natural Products Marketing Act of the Dominion Government has power to control inter-provincial trade, then Part 2 of the Bill will be scrapped, he points out. On the other hand, if the Privy Council decides to uphold the Supreme Court decision, then Part 2 will be submitted to the courts and will carry through to the Privy Council for decision.

**Will Test Act First**  
"We have had enough of putting through an Act and finding after a short time that it is ultra vires," declared Mr. Haskins, in pointing out that the Act will be tested first before it is finally proclaimed as law.

Mr. Haskins and Mr. G. A. Barrat returned on Tuesday morning from the Coast, while Capt. R. M. Rattray, Salmon Arm; Major M. V. McGuire, Vernon; and Mr. A. L. MacDougall, Penticton, other members of the fruit industry who conferred with Mr. Haskins at the Coast, also returned at the first of the week.

Mr. Haskins, who left the Okanagan

## Repudiation Of Debts By Vancouver Jubilee Arouses Kelowna Ire

### Good Sign-Up Of Growers For Levy

Working quietly, the B.C. Tree Fruits Ltd., has reached a sign-up of 1,727 growers who have agreed to pay the per box levy for operation of this year's apple crop by that body. Although the original list of registered growers only totalled 1,700, with Armstrong outside the deal, the total list of growers now signed has reached 1,727.

There have been many changes found in the list, but there has been no tabulation as yet to ascertain what number of new growers have been signed. Some growers have died, moved away, or sold their ranches. New ranch owners have moved in to the Valley. New fruit farms have come into production, and all these changes make the difference in the standing.

Following are the figures of growers signed, together with the old registered growers list. It shows that Penticton and Summerland have far exceeded their old lists, while Kelowna and Okanagan Mission and Rutland are right behind in the sign-ups. Keremeos and Naramata are also in excess, while Winfield and Okanagan Centre are very close to the 100 per cent mark.

District	Number of Growers	Number Signed
Coldstream	61	54
East Kelowna	72	69
Ellison	23	24
Glenora	87	76
Kaleden	37	35
Kelowna and Ok.		
Mission	57	68
Keremeos	85	94
Naramata	95	99
Oliver	120	99
Osoyoos	35	28
Oyama	82	74
Peachland	45	38
Penticton	201	219
Rutland	104	114
Salmon Arm	125	125
Sorrento	23	20
Summerland	255	309
Vernon	88	77
Westbank	46	40
Winfield and Ok.		
Centre	68	65
	1,709	1,727

## SHIPPERS EXPECT CHRISTMAS RUSH TO START SOON

Movement Of Apples Continues At Steady Pace With Export Increased

Movement of fruit from this Valley continues on an even keel, and no big rush is expected for at least another week. Then the Christmas buying will commence, it is thought, and the shippers will be busy for about two weeks. From then to the end of the year there will be a quiet spell, but generally the first three weeks of January, without extreme cold weather, are first-class for fruit purchases, as the jobbers start with empty floors.

Shipments for the week amounted to 144,113 boxes, making a total to Saturday, November 21, of 2,564,425 boxes, and leaving only 1,078,025 boxes to sell.

Domestic shipments for the week totalled 38,278 while export jumped away up to 105,835 boxes. McIntosh led in the domestic with Delicious next in line, while Newtowns and Jonathans were first and second shippers in export, with McIntosh third.

**Movement For Week**  
In 1935 the unsold balance for the same time was 1,446,950, while in 1934 it was 1,498,666 boxes.

By varieties the week's movement was as follows:

Variety	Domestic	Export
McIntosh	9,240	17,154
Jonathan	586	21,698
Wagener	2,710	12
Banana	2,733	
Spy	2,589	2,028
Grimes	3,324	16
Early Sundries	3,051	4,090
Spitzenberg	2,087	7,771
Delicious	5,637	15,471
Rome	3,068	1,441
Stayman	2,016	4,892
Late Sundries	513	1,055
Winesap	146	6,488
Newtown	580	23,719
	38,278	105,835

This week a further release of ten per cent on the McIntosh Cartel was made, bringing the total up to 55 per cent.

More than 100 members of the Kelowna Canadian Legion attended the North Zone meeting at Vernon last Friday night, when more than 370 persons were in attendance.

Sergt. A. Macdonald, of the Provincial Police, Kelowna, is a visitor to Vancouver this week.

Protest Meeting Decides On Concerted Action—Vancouver Business Firms, City Council, Boards Of Trade And Organizations To Be Acquainted With Facts Concerning Treatment Of Kelowna Creditors By Jubilee—Aquatic Association Is Owed \$640.00 And Total Debt In Orchard City Is Close To \$1,000.00

## B.C. GOVERNMENT WILL BE NOTIFIED

VANCOUVER has welshed on her just Jubilee indebtedness. Vancouver Jubilee Sales Committee owes Kelowna business men and the Kelowna Aquatic Association in the neighbourhood of \$1,000.

Vancouver Jubilee Committee, the parent body, refuses to accept the Sales Committee debts or honour them in the slightest degree.

These three statements sum up the situation which has made the blood of every public-spirited Kelownian boil during the past few days. Merchants, service clubs, business organizations and other associations are banding together to register a united protest with the Provincial Government, Vancouver City Council, wholesalers, business men and sister organizations at the Terminal City.

After weeks and months of negotiations, Vancouver has notified Kelowna that it will not honour the Jubilee Sales Committee debts. Mr. W. J. Barrett-Lennard, C.A., special investigator for the City of Vancouver, who has had an active part in the negotiations to obtain settlement of Jubilee affairs, notified Mr. Reg. Rutherford, of R. G. Rutherford & Co., one of the Jubilee creditors, that no further action would be taken.

## CENSUS TO BE TAKEN OF CITY SCHOOL AREA

Council Agrees To Request Made By Trustee Chapman To Secure Necessary Data

Trustee D. Chapman appeared before the City Council at the regular session on Monday night, attended by all members, to prefer a request for enumeration of the children within the Kelowna School District. He explained that it was very necessary to have reliable data upon the number of children of school and pre-school age in order to estimate the amount of school accommodation required.

Mayor Jones and other members of the Council expressed approval of the proposal, as enabling the School Board to deal with the problem of accommodation from first-hand knowledge, but they considered that additional value would be gained to the City if the enumeration was extended into a census of adults as well as juveniles, and it was agreed finally to take a census under the direction of Mr. H. Anderson, with such assistance as can be given by other civic officials.

(Continued on Page 4)

## LARGE CROWD AT CATHOLIC BAZAAR

Annual Event Brings In More Than \$1,000 On Saturday

As usual, the annual Bazaar and chicken dinner held by the Catholic Church was an outstanding success, with more than \$1,000 being taken in as gross receipts. About five hundred persons sat down to the chicken supper in the evening, in the downstairs portion of the I.O.O.F. Temple.

Upstairs the hall was filled with stalls and booths of every description, and at the finish there were no items left to sell.

Four splendid prizes were given away, Mrs. T. Swordy, with Ticket No. 1,773, obtaining the tea wagon as first prize. Mrs. W. Sedman, Ticket No. 1,415, silver tea service, second prize; Miss Joyce Smith, Ticket No. 2,491, standard lamp, third prize; and Temba Ltd., Ticket No. 3,439, knitted bedspread, fourth prize.

## SALVATIONIST JUST MISSED BY BOTTLE

Missile Thrown Out Of Hotel Window At Salvation Army Group

While holding service and playing their musical numbers in front of the Royal Anne Hotel last Sunday evening at 7 o'clock, members of the Salvation Army were alarmed when a window in the Hotel was opened and some person threw out an empty liquor bottle. The bottle just missed a member of the Army and might have resulted in a serious injury had the missile hit its mark.

Provincial Police were notified as well as the Hotel management. One room was entered and four persons were found to be the occupants. They were all under the influence of liquor, police report, but none of the men would confess to having any knowledge of the incident.

**Letter Of Repudiation**  
This letter, which reached the Okanagan last Saturday morning, is as follows:

"In answer to your favour of the 13th inst., I beg to advise you that the Jubilee Committee will not consider the accounts of the Kelowna Aquatic Association Ltd., H. McKenzie, or yourselves, they denying any liability with respect to the Jubilee Sales Committee. 'Settlements were made in connection with the Queen candidates and in connection with other prizes which had been offered by the Jubilee Sales Committee, but the amount involved in the settlement has been charged to the Sales Committee.'

"I have repeatedly presented the request of Mr. McKenzie to the Committee, but they have not seen fit to consider any suggestion of settlement on behalf of the Sales Committee."

This letter was written on City of Vancouver stationery and was dated from the "Temporary City Hall."

First of all, the Kelowna Aquatic Association points out, the Jubilee Committee definitely upheld the Sales Committee at the beginning, for Mr. J. K. Matheson, Managing Director of the Jubilee, assured the Aquatic Association, when appealed to, that the Sales Committee was in order and had proper status with the main Jubilee Committee.

The Aquatic Association and Mr. Hugh McKenzie, Jubilee Supervisor in Kelowna, state that there has been a great deal of the well-known "passing the buck" between the two Jubilee organizations.

(Continued on page 4)

## WELFARE FUND TOTAL NEARING MARK OF \$1,000

Next Week Should See Big Jump In Figures As Drive Nears End

Subscriptions to the Kelowna and District Welfare Association drive funds are continuing to pour into the office of Mr. Monte Fraser, Campaign Manager, and now stand at nearly \$1,000. The total is actually at \$968.50 and should reach the \$1,500 mark by next Thursday, as most of the lists are being gathered in within the next few days.

Following are the donations received during the past seven days: Previously acknowledged, \$774.00; Goodwin Simons Ltd., \$10; Del Harris, \$50; Anonymous, \$1; Anonymous, \$2; Anonymous, \$2; Frank Varney, \$2; Anonymous, \$8; Sons of England, \$25; D. Crawford, \$2; Geo. Royle, \$5; Scott Bros., \$1; Dr. Seon, \$5; Anonymous, \$5; A. Whiffin, \$2; Williams Shoe Store \$3; F. J. Willis, \$5; Mrs. K. N. Grogan, \$2; J. B. Spurrier, \$10; Chas. Quinn, \$2; J. P. \$10; J. V. Ablett, \$2; H. E. Atchison, \$2; H. Blakeborough, \$5; W. E. Adams, \$5; Harry Chapin, \$5; Harry Bowser, \$2; Bert Marshall, \$1; Oxford Group, \$15; D. Loane, \$5; H. B. D. Lyons, \$5; F. T. Marriage, \$5; A. D. Marshall, \$10; A. J. Hughes, \$5; Robert Cheyne, \$25. Total, \$968.50.

### THREE CHARGES ON MINIMUM WAGE ACT

Three charges under the Female  
Minimum Wage Act are being heard  
this week in Kelowna Police Court  
with B. W. Dyser, Department of La-  
bour officer prosecuting and George  
Bogress, of the Travellers Cafe defend-  
ing. Mr. T. F. McWilliams is counsel  
for the defendant.  
On Wednesday Magistrate Burne  
found Bogress guilty of failing to keep  
true and correct records in the En-  
glish language of wages paid to employ-  
ees under the Female Minimum Wage  
Act, but suspended sentence.  
This morning two counts of failing  
to pay the minimum wage are being  
heard. The waitresses involved in  
these cases are Eileen Lowe and Betty  
Cox.

## Classified

### THE CORPORATION OF THE CITY OF KELOWNA

#### VOTERS' LIST, 1937

Notice is hereby given that a Court  
of Revision will be held on Thursday,  
December 10th, 1936, at ten o'clock  
in the forenoon, at the Council Cham-  
ber, Kelowna, B.C., for the purpose of  
hearing and determining any applica-  
tions to strike out the name of any  
person which has been improperly  
placed upon the Municipal Voters'  
List, 1937, or to place on such list the  
name of any person improperly om-  
itted from same.

G. H. DUNN,  
Kelowna, B.C. City Clerk.  
November 18th, 1936. 16-3c

## MISSION URGES USE OF UNEMPLOYED ON NARAMATA ROAD

Government Requested By B.C.F.  
G.A. Local To Put Single Men  
To Work On Project

**OKANAGAN MISSION, Nov. 26**—  
The annual general meeting of the  
Okanagan Mission Local of the B.C.  
F.G.A. was held on the evening of  
Monday, Nov. 23rd, with Mr. R. W.  
Ramsay, the Chairman, presiding, who  
spoke on the work of the Local and  
its achievements in the past.  
Mr. Ramsay and Mr. J. Ivens were  
re-elected as Chairman and Secretary  
respectively, and a cordial vote of  
thanks was awarded to them, on the  
motion of Mr. B. T. Haverfield, for  
their services during the past year. Mr.  
Ramsay was also chosen as delegate to  
the annual convention of the B.C.F.  
G.A. to be held next January. Mr.  
A. K. Loyd was named for the Execu-  
tive of the Association.

Mr. W. D. Walker gave an interest-  
ing address on the packing and inspec-  
tion of apples at Omak, Washington.  
Where speed, he said, was subordinated  
in handling at every stage, and  
uniformity in pack and quality con-  
stituted the chief aim.  
The following resolution was passed:  
"Whereas we learn that the Dominion  
and Provincial Governments are put-  
ting single unemployed men at work  
cutting trails through the forests, we,  
this Okanagan Mission Local of the  
B.C.F.G.A., are of the opinion that  
many of these men could be placed  
advantageously on work in conjunc-  
tion with the volunteer brigade from  
Kelowna and districts in the construc-  
tion of the Kelowna-Naramata road.

## SOCIAL HAPPENINGS

Please phone any social items to  
466

Mr. and Mrs. C. C. Kelly entertained  
at the dinner hour at their home on  
Glenn Avenue in honour of Mr. and  
Mrs. Richard Spillsbury.

Miss Mary Barton was guest of hon-  
our at a miscellaneous shower on Mon-  
day evening, when Miss Joan Lyons,  
Miss Barbara Fry and Miss Mary Royle  
entertained at the home of Miss Ly-  
sons on Ethel Street. About thirty of  
Miss Barton's friends were present.

Mrs. Ralph Brown, Pendozi Street,  
was a bridge hostess on Tuesday even-  
ing, when she entertained her club.

Mr. and Mrs. Abelt, Glenn Avenue,  
were visitors in Armstrong on Monday.

Major Houbton left on Tuesday for  
an extended holiday in England.

Mrs. H. H. Boucher left for her home  
in Vancouver on Tuesday, after spend-  
ing a short holiday with her parents,  
Mr. and Mrs. Knox.

Mr. and Mrs. F. Bowles, of Rose-  
town, Saskatchewan, visited with Mr.  
and Mrs. J. R. Campbell over the  
week-end, leaving for the Coast on  
Monday, where they will make their  
future home.

Mr. T. A. Forbes returned on Tues-  
day from Victoria, where he spent the  
week-end.

Miss Judy Barnett left today for  
Vancouver, where she will make her  
home.

Mrs. S. A. Wallace, of Kamloops,  
was a visitor in town last week.

Miss Beth Matson, of Penticton, vi-  
sited in town on Thursday of last week.

Mrs. Thomas Lawson is the house  
guest of Mr. and Mrs. George Row-  
cliffe, Bernard Avenue. Mrs. Lawson  
is a sister of Mr. Rowcliffe.

About thirty friends of Mr. and Mrs.  
H. F. Chapin gave them a surprise  
party on the occasion of Mrs. Chapin's  
birthday, on Tuesday evening, at the  
home of Mrs. Gordon Herbert, Ethel  
Street. Mrs. Chapin was presented  
with a book of poems composed by  
Mrs. Leslie Dilworth and a pair of sil-  
ver castles. Games and contests  
were played throughout the evening.

The Women's Association of the  
First United Church held its regular  
meeting on Wednesday afternoon in  
the Church Hall.

Mrs. Lloyd Day was a tea hostess to  
a number of her friends on Thursday  
afternoon at her home on Long Street.

Mr. O. Matson, of Penticton, was a  
visitor in town on Tuesday.

Miss Dorothy Harvey has returned  
from Vancouver, where she has been  
employed for the last two months.

The Janet Coates Circle of the Uni-  
ted Church held their regular meeting  
on Monday evening at the home of  
Mrs. W. W. McPherson, Glenn Avenue.

Guests registered at the Willow Inn  
this week include: Miss Dorothy Fer-  
nie, Kamloops; R. H. McDonald, Ver-  
non; F. J. McKenty, Vancouver; Thos.  
Brown, Vancouver; Geo. Kerr, Van-  
couver; B. W. Limkey, Vancouver; J.  
McKay, Vancouver.

as, owing to our mild climatic condi-  
tions, much of this work can be done  
all winter.

Copies of the resolution, which was  
moved by Mr. J. Ivens, are to be sent  
to the Provincial Minister of Public  
Works, Dr. J. Allen Harris, M.L.A., Dr.  
W. J. Knox, the Vernon, Kelowna and  
Penticton Boards of Trade and to the  
Executive of the B.C.F.G.A.

The meeting also endorsed the ef-  
forts of Dr. Harris in the Legislature  
on behalf of the Hope-Princeton high-  
way.

Congratulations and the best of good  
wishes to Mrs. Miller, who celebrated  
her nineteenth birthday on Friday, Nov.  
20th, at the home of her daughter, Mrs.  
T. Aspey. Mrs. Miller entertained a  
number of friends at tea in honour of  
the event, and received many messages  
of goodwill in the course of the day.

Sixteen members of the Village club,  
now known as the Quid-Nuncs—what-  
exters to you and me—lied to the  
First Canyon last Sunday. Mr. Sid-  
ney Johns took the party as far as  
Deep Creek in his truck. Coffee was  
boiled at Horse Creek in the morning,  
and no blisters are reported, although  
the hike was not completed before  
dark.

Miss Joyce Ford entertained a num-  
ber of the Quid-Nuncs, at an evening  
badminton party on Thursday last,  
with ping-pong and puff-billiards as  
strenuous side-shows.

The installation of the Beatty pump  
and complete plumbing system at the  
Mission School has been finished re-  
cently.

Mr. Jack Bell returned from a week's  
visit to the Coast last Wednesday, Nov.  
18th.

Miss Yvonne Baldwin at the piano  
delighted a number of listeners to  
CKOV on Nov. 18th. This has been  
the second opportunity to enjoy local  
talent, Miss Kathleen Hall having tak-  
en part in a broadcast on Nov. 4th.

Mr. H. Dunlop returned on Wednes-  
day of last week from Vernon.

Mr. C. Bond shot a buck last week,  
five miles back from the camp at Chute  
Lake.

## REPUDIATION OF DEBTS BY JUB. COMMITTEE

(Continued from Page 1)

ganizations. But now the Jubilee Com-  
mittee, through the Sales Committee  
and its obligations.

Avowed to a fever pitch by this  
treatment, which was deemed most un-  
fair, the Aquatic Association called up  
various Kelowna organizations to  
send representatives to a big indigna-  
tion meeting in the Board of Trade  
rooms on Wednesday evening.

Here were delegates from the Board  
of Trade, Junior Board of Trade, Re-  
tail Merchants' Bureau, Gyro Club,  
Rotary Club, and Elks Lodge. Every  
one of the delegates was loud in his  
condemnation of the Coast city's prac-  
tices.

It was mentioned that the total ob-  
ligations amounted to \$918.50, made up  
of Kelowna Broadcasters Ltd. (CKO-  
V), \$100; Kelowna Courier, \$250.00;  
R. G. Rutherford & Co., \$100; H. McKen-  
zie, \$58; Kelowna Aquatic Association,  
\$40.

Chairman W. W. Pettigrew stated  
that the meeting had been called to-  
gether to formulate some plan of ac-  
tion, while Secretary Dick Parkinson  
believed there were just three meth-  
ods of procedure open. First, the cre-  
ditors could take the matter to the  
law courts, in which case the cost  
would be prohibitive. Secondly, the  
creditors and the general public could  
take this sort of treatment lying down,  
or, thirdly, the public could raise such  
a "howl" that public sentiment at the  
Coast would force the hands of those  
in charge of Jubilee arrangements.

The Senior Board of Trade had al-  
ready written to the Vancouver Board.  
Mr. Parkinson declared, prior to the  
receipt of the letter from Mr. Barrett-  
Lennard. The Junior Board had pro-  
mised to communicate with the Van-  
couver Junior Board. The City Coun-  
cil was in touch with the Vancouver  
City Council, while the Gyros, Rotar-  
ians and Elks were also communicat-  
ing with their brother organizations.

Mr. Parkinson also suggested that  
each merchant send a letter to his sup-  
ply house in Vancouver, outlining the  
situation as it appears to Kelowna citi-  
zens.

### Board Of Trade Letter

Mr. E. W. Barton, Board of Trade  
Secretary, read his letter, which raised  
an emphatic protest against the hand-  
ling of the Jubilee affairs, but made  
sure that the Vancouver Board itself  
was not being blamed or implicated.  
He pointed out that the Kelowna Aqua-  
tic Association was promised \$1,000  
profit for its handling of Jubilee tick-  
ets, and instead Vancouver had  
welcomed its agreement. He also  
enclosed a copy of the editorial from  
The Kelowna Courier, which ran in  
the issue of November 5.

A reply had been received from Mr.  
W. E. Payne, Vancouver Board of  
Trade Secretary, who said he was in  
entire sympathy with the views ex-  
pressed by Mr. Barton, and would show  
the letter to officers of the Vancouver  
Board.

It was also mentioned that Miss Kay  
Hill, Jubilee Queen, received a "rotten  
deal," when she was given \$200 in lieu  
of settlement, while Violet Barlow,  
Vancouver Queen, was awarded \$900.

Mr. R. J. Gordon voiced the opinion  
that the Vancouver City Council was  
the only body which could intervene  
and make a settlement.

Mr. Pettigrew agreed that the letters  
from Kelowna should include a request  
for the City Council of Vancouver to  
make a settlement.

### Aquatic Club Deal

Mr. R. G. Rutherford explained the  
Aquatic Club's situation. All the monies  
obtained from the sale of Jubilee tick-  
ets, that it was possible, were retained  
in a trust fund in Kelowna by the  
Aquatic Association. According to the  
agreement, fifty per cent of the monies  
received prior to July 15 had to be  
sent to the Sales Committee, but the  
Aquatic Association kept everything  
else. About \$300 was sent to the Ju-  
bilee Sales Committee after July 15.

By taking away sources of revenue  
the Jubilee Committee actually let the  
Sales Committee down, was the opin-  
ion of the meeting.

Mr. Rutherford also pressed the point  
that the Provincial Government should  
be told the whole story. The B.C. Gov-  
ernment donated \$25,000 to Vancouver  
for payment of Jubilee debts on the  
understanding that Vancouver would  
put up a similar amount. These two  
sums were supposed to take care of  
the indebtedness.

The meeting heartily supported this  
plan, and agreed to send letters to  
Premier T. D. Pattullo, Hon. John Hart,  
Minister of Finance, Hon. G. M. Weir,  
Provincial Secretary, and Dr. J. Allen  
Harris, M.L.A. for South Okanagan.

The Retail Merchants' Bureau pro-  
mised to write to the Vancouver Re-  
tail Merchants' Bureau, and also to the  
Provincial Retail Merchants' Board.

The Canadian Club will also be asked  
to write the Vancouver branch of  
its association.

The Canadian Manufacturers' As-  
sociation, Vancouver Branch, will be  
acquainted with the details of the Ju-  
bilee function. Every merchant will be  
equipped with a letter to send to his  
wholesale supply houses at Vancouver.

## CENSUS TO BE TAKEN OF CITY SCHOOL AREA

(Continued from Page 1)

**Local Candidate Obtains Sanitary In-  
spector's Qualification**

A letter from Dr. G. A. Oulmar, City  
and District Medical Health Officer,  
informed the Council that, at the ex-  
aminations for certification of Sanitary  
Inspectors held at Vancouver on  
Sept. 23, 24 and 25, Mr. H. G. Hender-  
son-Watts had been successful. "As you  
are already aware," the letter contin-  
ued, "he has been assisting me for the  
past few years with this work, and it  
reflects credit not only on himself but,  
I feel, also on the Health Unit and  
the Laboratory. He is at present the  
only Certified Inspector in the Inter-  
ior."

The Mayor and Ald. McKay, Chair-  
man of the Health Committee, spoke  
in complimentary terms of Mr. Watts'  
studious efforts to increase his knowl-  
edge of sanitation, and it was decided  
to ask Dr. Oulmar to convey to him  
the congratulations of the Council  
upon his success.

### Coronation Celebration

Acting upon instructions received  
as the result of a public meeting held  
on Nov. 17th, Mr. E. W. Barton, who  
had been appointed secretary by the  
meeting, wrote extending an invitation  
to the Council to appoint two delegates  
to attend another public meeting to be  
held in the Junior High School audi-  
torium on Friday, Dec. 4th, at 8:00  
p.m., to organize for the celebration  
connected with the forthcoming cor-  
onation of the King on May 12, 1937.

Mayor Jones and Ald. Whillis were  
appointed delegates to the meeting,  
with the understanding that as many  
other members of the Council as pos-  
sible would also attend.

### Christmas Trees For Street

Another letter from Mr. Barton, as  
Secretary of the Retail Merchants'  
Bureau of the Board of Trade, request-  
ed the Council to consent to decorate  
and illuminate three Christmas trees,  
to be placed on Bernard Avenue for  
fourteen days prior to Christmas in  
the same manner as had been done in  
past years, the Bureau undertaking to  
donate the cost of the trees as hereto-  
fore.

### Sale Of Lot

By-Law No. 673, selling Lot 46, R.P.  
1277, to Mr. Mathias Jacob and his  
wife, Mari Jacob, for \$75.00, was in-  
troduced and received three readings.  
**Grant For Advertising Home Modern-  
ization**

A special grant of \$25.00 was made to  
the Building and Allied Trades Bar-  
eau of the Board of Trade to aid in  
advertising the home modernization  
plan of the Federal Government.  
Mr. P. T. Dunn, City Assessor and  
Collector, was appointed as Acting  
City Clerk and Treasurer during the  
absence of Mr. G. H. Dunn on vaca-  
tion.

**Unpaid Vancouver Jubilee Liabilities**  
Messrs. W. W. Pettigrew, President,  
and R. H. Parkinson, Manager of the  
Kelowna Aquatic Association, appear-  
ed to enlist the sympathies of the  
Council in regard to repudiation by  
the Vancouver Golden Jubilee Com-  
mittee of liabilities incurred to the  
Association and other creditors in Kel-  
owna by the Jubilee Sales Committee.  
They recited the circumstances, al-  
ready familiar to readers of The Cour-  
ier, and asked that the Council aid by  
any means in their power to secure  
liquidation of the amounts owed, also  
that they send delegates to a repre-  
sentative indignation meeting, to be  
held on Wednesday night.

The Council readily agreed to both  
requests, and the City Clerk was in-  
structed to write, in name of the  
Council, to the Vancouver City Coun-  
cil, expressing regret at the course  
pursued by the Jubilee Committee,  
which had caused much bitter feeling  
in Kelowna, especially with regard to  
the treatment of the Aquatic Associa-  
tion, and requesting that the Van-  
couver Council use their good offices to  
secure an honourable settlement of  
the amounts owed in Kelowna in con-  
nection with the Jubilee.

After formal adjournment until Mon-  
day, December 7th, the Council sat in  
committee of the whole.

Mr. M. Harvie, of the staff of the  
Kelowna Growers' Exchange, has been  
appointed to the post of Secretary-  
Treasurer of Salmon Arm Farmers'  
Exchange, vacated by the death of Mr.  
Robert Aitken. There were about 150  
applicants for the position.

## UNITED CHURCH DRAMATIC SOCIETY PRESENTS

### "SAFETY FIRST"

(three-act comedy drama)  
**IN THE CHURCH HALL, BERNARD AVENUE**  
**FRIDAY, DECEMBER 4th, 1936**

side repairs. Reroofing, repairs to verandahs, walls,  
foundations, etc., are all included under this head.

## LOWER SCORES IN FIVE-PIN LOOP

Williams Shoe Store And Columbians Registered Wins Last Week

Fred Williams and Harold Johnston were the two top bowlers in last week's five-pin play at the Temba Ltd. bowling alleys, but scores were not outstanding. Williams Shoe Store scored a victory over Safeway in two out of three games, while The Courier, still suffering from the Firemen's Ball, took a three-game licking last Friday. The scores follow.

Safeway	1	2	3
Frankie	135	176	77
Ward B.	122	204	130
Ward E.	141	174	179
Hammond	145	214

## Synopsis of Land Act

**PRE-EMPTIONS**  
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaration of intention to become British subjects, conditional upon residence, occupation and improvement.

Full information concerning pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C.; Bureau of Provincial Information, Victoria, or any Government Agent.

Records will be granted covering only land suitable for agricultural purposes within reasonable distance of road, school and marketing facilities and which is not timberland, i.e., carrying over 5,000 board feet per acre of the Coast Range and 8,000 feet per acre west of that Range.

Applications for pre-emption are to be addressed to the Commissioner of the Land Recording Division in which the land applied for is situated, on printed forms obtained from the Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

Pre-emption carrying part time conditions of occupation are also granted.

**PURCHASE OR LEASE**  
Applications are received for purchase of vacant and unreserved Crown lands, and lease of Crown lands for agricultural purposes. Minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

As a partial relief measure, reverted lands may be acquired by purchase in ten equal instalments, with the first payment suspended for two years, provided taxes are paid when due and improvements are made during the first two years of not less than 10% of the appraised value.

Mill, factory or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, conditional upon a dwelling being erected within the first year, and being obtained after residence and improvement conditions are fulfilled and land has been surveyed.

Free grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

Under the Grazing Act the Province is divided into grazing districts and the range administered under grazing regulations amended from time to time to meet varying conditions. Annual grazing permits are issued based on certain basis of varying conditions. Priority in grazing privileges is given to resident stock owners. Stock-owners may form associations for range management. Free or partially free permits available for settlers, campers and travellers, up to four head.

# Kelowna And District Sports

## KAMLOOPS WILL APPEAR HERE ON SATURDAY NIGHT

Seniors To Play Postponed Game At Penticton On December First

### MUNROS FOR BOXING DAY

Summerland Wanted To Join Newly Organized Okanagan League

Kamloops seniors, boasting an improved and altered squad, will show in Kelowna this Saturday, November 28, at the Scout Hall against the Kelowna senior quintette. Kamloops has a young team, and is said to be quite speedy.

Because of the Firemen's Ball, the game between Kelowna and Penticton, on the latter's floor, scheduled for last Thursday was postponed, with the Orchard City crew planning to play this Okanagan league game on Tuesday, December 1.

This week on Friday, November 27, Penticton will play its first Okanagan League contest on the Vernon floor.

### Summerland Wanted To Enter

Summerland communicated with the league this week in an endeavour to obtain entry. This town has Keith MacDougall and Bill Bennett of last year's Penticton team, as well as a newcomer, Thorpe, who is said to be of high class calibre. Unfortunately, the request for entry did not arrive until the schedule was accepted and the first game played. Vernon felt that the addition of Summerland would double the travelling expenses and would not be economical. Therefore, it is unlikely that Summerland will be included in the league play.

A large number of requests from Washington squads wishing to play in Kelowna this winter have been received by the Kelowna Club. These include Whitworth College, Spokane; Ellensburg Normal, Ellensburg, Wash.; Tilton Basketball Club, Tilton, Wash.; and Portland Reliabilities, coached by Ray Brooks, formerly with Portland Multnomahs.

It was decided that none of these squads would be asked to play here this winter, as the fans have not taken kindly to the American teams in the past and they have not brought in much exchange at the wickets.

### Munros And Forsts

Munro Furs, from Vancouver, have also written for a booking, and it is quite likely they will appear in the annual Boxing Day card. This youthful quintette recently registered a win over the Province Giants, much to "Spurty" Jones' disgust.

Another young senior team, and one which has just been included in the main league in Vancouver, is the Forst team, well known throughout the Okanagan. This crew will be asked to Kelowna for the New Year's Day event.

Old favourites with the fans are the Harlem Globe Trotters, and this group of dusksies will again appear on an Orchard City floor sometime in the New Year. Another feature attraction will be the Oklahoma Indians, a bunch of redskins who appear in complete outfit, feathers and all. They have a great reputation across the line, and should be a major drawing card.

## BADMINTON TEAMS DIVIDE HONOURS

Penticton And Kelowna Clubs Win And Lose Matches

Penticton and Kelowna badminton clubs divided the spoils last Sunday, when the Kelowna A team won out from the visiting Penticton A team 9 to 7, and Penticton B crew took the measure of the Kelowna visiting B players 12-4.

For the Kelowna matches, the scores were as follows: Penticton players first named in each case:  
Results of "A" Matches  
Men's doubles.—Roadhouse and Holden were defeated, 15-12, 15-16, by Lupton and Treadgold, after winning, 15-4, 9-15, 18-15, from Benmore and Hayes; Penrose and Renwick were defeated, 15-9, 15-12, by Lupton and Treadgold, after defeating Benmore and Hayes, 17-15, 9-15, 15-11.

Ladies' doubles.—Lewis and Beatty were defeated, 15-5, 15-7, by Taylor and Brown, after winning, 15-11, 10-15, 18-17, from Allen and Elmore; Roger and Bernard lost, 15-9, 3-15, 15-17, to Taylor and Brown and won, 15-17, 15-6, from Allen and Elmore.

Mixed doubles.—Bernard and Renwick lost to Taylor and Lupton, 15-7, 15-8, but won from Allan and Treadgold, 15-8, 13-17; Beatty and Holden lost to Taylor and Lupton, 15-3, 15-8, and also to Allan and Treadgold, 18-15, 15-9; Lewis and Roadhouse lost to Brown and Benmore, 18-15, 18-16, after winning, 15-2, 15-2, from Elmore and Hayes; Roger and Penrose lost to Brown and Benmore, 15-5, 15-11, and won from Elmore and Hayes, 15-1, 15-6.

Results of "B" Matches  
Following are the results of B games played at Penticton, with Kelowna players mentioned first:

Men's doubles.—France and Harris won from Parnley and McLeod, 15-9, 15-11, and won from Knox and Crane, 15-19, 15-7, 15-11; Richards and Friend lost to Parnley and McLeod, 15-4, 15-0, and to Knox and Crane, 15-5, 15-6.

Ladies' doubles.—Stiell and Russell lost to McLeod and Graham, 15-9, 10-15, 15-4, and to Galbraith and Brown, 15-3, 15-1; Hill and Jackson lost to McLeod and Graham, 15-7, 13-15, 15-1, and also to Galbraith and Brown, 15-10, 10-15, 18-13.

Mixed doubles.—France and Stiell

## A. E. SEON SINKS TEE SHOT ON 14th HOLE

On Saturday, November 21, Mr. A. E. Seon, playing with Mr. E. W. Barton on the Kelowna golf course, sank his tee shot in the 14th hole, a distance of 187 yards.

This is the second time that Mr. Seon has made the hole-in-one club, as last year, playing on the Kamloops course, he was fortunate enough to sink his drive.

Other witnesses last Saturday were C. Quinn, H. K. Todd, Alex Macdonald, and Dan Currell, who were just leaving the green when the ball trickled in.

## SUMMERLAND IS REVIVING HOOP GAME INTEREST

Formed Team And Have Backing Of Business Men Through-out Town

### ORIGINAL HOME OF CAGE GAME

Many Valley Old-Timers' Recalled In Review Of Old Basketball Teams

SUMMERLAND, Nov. 26.—With basketball being reorganized here under the supervision of leading business men of the district, enthusiasts of the hoop game are looking forward to seeing some good ball played in the School Gymnasium this winter. At a meeting of the Club held recently, the following officers were elected for the season: Honorary President, C. J. Huddleston; President, E. R. Butler; Vice-President, W. M. Dryden; Sec.-Treas., Rev. W. R. Ashford.

Representatives appointed from the players to serve on the Executive were Miss Edna Smith, Keith MacDougall, Gordon Thorpe and Jimmy Clark.

Keith MacDougall being chosen to act as Manager, with Gordon Thorpe as Coach.

Representatives of the Executive met the School Board last week to arrange for alterations to the School Gymnasium to allow for the accommodation of spectators. Arrangements have now been made whereby the north wall of the building is to be removed and seating accommodation for approximately 200 persons provided, and this is now being carried out.

Thanks to the generosity of local business men, the boys will be provided with strips, the colours chosen being scarlet and black.

Application has been made by the Club for a berth in the recently formed Valley League composed of Penticton, Kelowna and Vernon, and the Summerland Club was anxious to enter as the development of new material has always been one of the outstanding points of good sportsmanship as displayed in Valley Competitions.

Keith MacDougall and Bill Bennett, of last year's Penticton Senior B squad, and Gordon Thorpe, a former player from Guelph Agricultural College, are available for this team as well as Jimmy Clark, Jimmy Thompson, Jack Dundson, Doney Wilson, Nick Solly, Donald Tait, Colin McKenzie and Bob Seriver. With this line-up, local basketball fans are of the opinion that it is the right time to get basketball away to a good start in Summerland, and the Club is looking forward with confidence to receiving the support of the citizens of Summerland in what was at one time the outstanding game in the town.

In fact Summerland was the original home of basketball so far as the Valley is concerned, the game being introduced here in 1910 by Mr. Fred Baker, who had been a player at the Coast before coming to Summerland.

The first game to be played here was held in the Men's Club of the Methodist Church in the lower town, erected for the organization work in construction of this building for recreational purposes being largely due to Rev. R. J. McIntyre and Mr. H. C. Mellor. The first game was played between a team from the Okanagan College, and a town team composed of Fred Baker, Ed. Hayward, Harry Bristow, Harry Prentiss, B. C. Moore and J. Moodie. Among the College players was A. S. Peck, who later made his home in Summerland for several years and G. Roy Stevens, recently appointed Canadian Trade Commissioner to South America.

At this time all games were handled by Rev. A. W. MacLeod, who made a very able and popular referee. Many old timers will also remember Ruy Hancock, who came down from Armstrong to coach the players and look after the Gym.

Later on the College Gymnasium was built, much of the work being done by the College students themselves, and at a still later date games were held in the Empire Hall, destroyed by fire a few years ago.

The 1913 town team was composed

won from Parnley and McLeod, 19-18, 15-7, and from McLeod and Brown, 15-12, 11-15, 15-10; Harris and Russell lost to Parnley and McLeod, 15-7, 15-9, and to McLeod and Brown, 15-6, 15-12; Friend and Johnson lost to Knox and Graham, 18-16, 13-15, 15-10, and also to Crane and Galbraith, 15-6, 18-10, 15-7; Richards and Hill lost to Knox and Graham, 15-3, 15-11, as well as to Crane and Galbraith, 15-12, 15-7. Thus Penticton's B team won 12 games and lost four, while the A's won seven and lost nine.

## LA CHAPELLE AND WILLIAMS DRAW IN MAIN EVENT

Two Middleweights Went Six Rounds With One Fall Each In Third And Fifth

### PHYSICAL CULTURE CLUB SHOW

Ennis Defeats Sanger And Gets Boos For His Pains—Boxing Ends In Draw

Vic LaChapelle, claimant to the Pacific Coast middleweight wrestling championship, failed to take the Okanagan middleweight crown away from Ed Williams last Saturday night at the Scout Hall, when the two squirmers grunted and groaned to a popular draw in the main event of the Kelowna Physical Culture Club boxing and wrestling card.

In this main event, which was of six ten-minute rounds endurance, Williams got the drop on his opponent in the third round with an Indian death lock, which was a big feature of the evening. LaChapelle, however, came

back strong in the fifth with a Japanese press, which felled Williams on the mat and evened the match. Referee Rudy Brunette had all he could do to handle these two boys, who were not above taking the odd dig at each other when the referee was on the other side.

Ennis Substitutes  
In the semi wind-up, Bruce Paige was unable to reach the building, so Ted Ennis went in to relieve him against Ralph Sanger. Ennis got the odd fall in a fast match which had the crowd shouting most of the way. Ennis did not prove so popular even as a substitute and a winner, and he was booed plenty.

This was a five five-minute round bout, with Sanger starting off well with a fall in the first round after 2 minutes 4 seconds. He used a short arm scissors. Only one minute 24 seconds of the third round had slipped by when Ennis took the second fall with a punishing hammer lock, and in the fifth Ennis won the match with a combination hammer lock and wrist lock after 1 minute 24 seconds.

Five wrestlers appeared for the greased battle royal which drew the laughter of the crowd. LaChapelle was the first to leave the ring, followed by Bill Miller and then Bus Jennings, although the latter put up quite a scrap and showed amazing strength. Ennis and Sanger ended the battle royal in a draw.

### Featherweights Are Fast

In the wrestling preliminary over three four-minute rounds, two featherweights, Bus Jennings and Bill Miller, put up a fast, clean amateur match which was a credit to both lads.

As a feature, boxing bout, Rudy Bursher and Frank Barton went the limit of six two-minute rounds and ended the scrap in a draw. Bursher took the first, third and fifth rounds and Barton the remaining three, according to the judge's decision. This was Bursher's first appearance in the ring as a boxer.

A good-sized crowd attended the matches, which were among the most successful ever staged by the organization, and the cash customers dispersed to their homes feeling that they had witnessed a good exhibition.

VERNON, Nov. 26.—Revelstoke's Senior B basketballers stole a march on the fast-stepping Vernon hoopers at the main line city on Saturday evening last to the tune of 26-21, in an exhibition contest, marked by low scoring, but at times exciting play.

## BASKETBALL

KAMLOOPS VS KELOWNA SENIORS

SATURDAY, NOV. 28

SCOUT HALL — 9.45 o'clock.

Also Preliminary Games:— 8.30 p.m. — 35c and 10c.

## Win A Big Prize

IT'S SO EASY—ALL YOU HAVE TO DO IS TO SUGGEST

### A NEW NAME

FOR THE KELOWNA ROLLER RINK and win one of three BIG PRIZES

Read these rules carefully.

- 1.—Contest closes December 15.

## Local and Personal

Col. W. H. Moodie left on Saturday last over the C.P.R. for Vancouver.

Miss Marjorie Jackson left on Monday, November 23, via C.P.R. for Calgary.

Mr. and Mrs. Crawford Moore, of Penticton, were visitors in Kelowna for a few hours on Friday last.

Mr. D. McNicoll, accompanied by Mr. Harold King, was a business visitor to Kelowna last Thursday.

Miss Ruth McCulloch, of Penticton, was a visitor to Kelowna for the Firemen's Ball last Thursday evening.

Miss Ariel Elmore left on today's train for Vancouver for an extended visit.

Mr. and Mrs. Carson McLeod, of Penticton, former Kelowna residents, were visitors to Kelowna last Thursday and attended the Firemen's Ball.

Mr. C. Davidson is leaving on C. P. lines on Friday for a visit to the Old Country. He is going by way of New York.

A marriage licence was recently issued, at the Okanagan, Wash., courthouse, to Alfred A. Neil and Jeanette McAulay, of Kelowna.

"Rusty" Martin left on Wednesday morning's Greyhound bus for New York, from which point he will sail to England to join the Royal Air Force.

Mr. Chas. H. Gordon, manager of the Vancouver branch of the Toronto Type Foundry Co., Ltd., paid a business visit to Kelowna on Monday.

It has been announced that ten per cent of the receipts from December 1 to 15 of the Kelowna Roller Rink will go towards the Santa Claus Fund.

Mr. Alex Lawson, former Relief Officer for the Provincial Government in Kelowna, and more lately of Prince George and district, has returned to the Orchard City.

Mrs. D. K. Gordon, who underwent a serious operation at the Kelowna General Hospital on Thursday, November 12, is making as satisfactory progress as can be expected.

Mr. and Mrs. C. Kenneth Moore, of Penticton, have moved to Kelowna. Mr. Moore is to be agent for Electrolux in this district and is replacing Mr. James Flintoff, who has moved to Nelson.

Mr. M. E. Nichols, Managing Director of the Vancouver Province, will address the next quarterly meeting of the Board of Trade on Wednesday, December 2. This will be the last general meeting prior to the annual meeting in January, it is said.

The Kelowna Chess Club met for the first time this season on Wednesday, Nov. 18th. The Club will welcome any new members who desire to play, either ladies or men. Any who are interested should get in touch with Mr. A. J. Pritchard or Mrs. S. M. Gore.

Mr. G. A. McKay, of Kelowna has been chosen to represent the Okanagan district in place of Mr. William Morley, of Vernon, on the British Columbia Hospitals Association. The three day convention of this Association closed on November 14 at Victoria. Mr. E. W. Neel, of Duncan, was elected President.

Recent guests at the Royal Anne Hotel include J. A. Livingston, Hamilton; A. L. Roberts, Salmon Arm; Mr. and Mrs. J. D. Lane, Keremeos; H. Fernie, and Judge J. D. Swanson, Kamloops; H. N. Flock, Los Angeles; J. F. Sayers, Seattle; Mrs. E. Tulloch, Kamloops; E. A. Helm, Vancouver.

To many persons in this district who have formerly resided in Edmonton and surrounding territory, the news that Herbert Wesley (Pat) Wright, of Wetaskiwin, Alta., passed away on Monday, November 23 will be of interest. The late Mr. Wright lived in Wetaskiwin for more than twenty years, and was called the dean of Western Canada's town bankers.

Mr. Earl Murchison, of the Orchard City Motors, returned last week from Windsor and Detroit, where he attended the big Ford convention, with 9,000 dealers and other officials present. Mr. Murchison has been very full of his experiences while listening to the discussions at the convention and reviewing the huge Ford plant. One feature which impressed him most was the lack of bustle and speed which was supposed to go hand in hand with big factories like this. He found all the employees steadily working, but not being rushed to death. Sixty cars an hour were being turned out at the Ford factories.

## CANNERS' DANCE CLOSES SEASON

Employees Of Canadian Cannery (Western) Ltd. Stage Successful Dance

On Monday evening, Nov. 16th, the employees of the Canadian Cannery (Western) Ltd. and their friends gathered at the I.O.O.F. Hall to celebrate the closing of a successful season's run. Well over two hundred enjoyed dancing from nine until past two o'clock.

As it is some years since the cannery employees have finished the season's work in this way, judging from the enjoyment of those present and the success of the evening, it bids well to become an annual event.

Early in the evening everyone was treated to some excellent tap dancing by Miss Gladys Orsi and Miss Alice Butcher.

An enjoyable supper was served by the ladies of the cannery, during which suitable presentations were made to Mr. A. I. Dawson, Manager, Mrs. Brent, Floor Manager, Mr. Sid Tucker, Foreman, and Mr. Harold Tucker, Plant-form Manager, by the employees.

## NEW ACT TO CONTROL DISPOSAL

(Continued from Page D)

Mr. Haskins arrived in Victoria on Wednesday, November 4, to find the members deep in the Legislature's special session, but the Minister of Agriculture, Dr. K. C. Macdonald, and members of the legal department gave him all the time they could spare.

"When you go to people and attempt to upset ideas they have had for fifty years, they don't welcome you," declared Mr. Haskins. "You have to break down their natural resistance."

In the next few days, in between interviewing Mr. J. S. Lane, Provincial Marketing Board Chairman, and Mr. H. A. MacLean, Departmental Solicitor, Mr. Haskins wrote his digest of the law, presenting his arguments in a different manner.

## Discussed With Attorney-General

By November 11 the Attorney-General was ready to discuss the subject with Mr. Haskins and he allowed an interview that morning. Dr. Macdonald also sat in on the discussion. The outcome of this interview was the request from the Attorney-General, Hon. Gordon Sloan, for Mr. Haskins to prepare a bill covering his points.

By the middle of Saturday afternoon, November 14, this bill was drafted, and he submitted copies to Messrs. Lane, MacLean and Hon. K. C. Macdonald.

Not wishing to present a bill which might not be suitable to the rest of the industry he wired Mr. G. A. Barrat, as Secretary of the Growers' Committee, stating that he wished to have representatives in Victoria, but not wishing at the same time to offend the Minister of Agriculture by making him believe that undue pressure was being brought to bear to have this legislation pushed through a busy session.

This difficulty was soon overcome, and the various representatives were on their way to Victoria on Monday night. Mr. Barrat represented the Fruit Board, Capt. Rattray the B.C. F.G.A., Major M. V. McGuire was from the Okanagan Shippers' Federation, and Mr. A. L. MacDougall from the Associated Growers.

Already the Attorney-General had prepared amendments to the provincial legislation covering control of produce sold within the province, so that there would be no legal loopholes.

On day Wednesday Mr. J. S. Lane, Col. E. Pepler, Deputy Attorney-General, and Mr. Haskins conferred over the bill which the latter had drafted. The legal department did not like the expression of the bill, and so Mr. Lane took it home and worked over it on Wednesday evening and on Thursday morning it was completed. Some amendments were made by Col. Pepler, and at 2:30 o'clock the Attorney-General gave his approval. An hour later, Mr. A. V. Pineo, Legislative Counsel, passed the bill and it was sent to the printers.

In the meantime the Valley delegation had had an opportunity to go over the rough draft and had signed its stamp of approval on what it found.

## Eleventh Hour Submission

Thus does Mr. Haskins show the reason why the bill was not brought before the Legislature until the eleventh hour. It was introduced at 11:45 o'clock on Thursday evening, and the session was due to close at 3:30 o'clock Friday afternoon.

As a matter of fact, it was not until after 4 o'clock that the bill was passed, and the Legislature prorogued.

Part 2 of the Act contains many of the powers of the Dominion Act, Mr. Haskins points out. All reference to buying and selling has been omitted from Part 2, as it is only dealing with the people of the province, and the natural product while it is within the Province.

When asked what control there would be over a Tree Fruit Board under the new Act, Mr. Haskins declared that he had insisted that the Minister of Agriculture should have the power to remove a Board at any time if he feels that the Board members are not competent or are not completing their work without bias. This action would probably be taken only after consultation with the Provincial Marketing Board, it was understood.

The Privy Council has not yet started on the hearing of the appeal of B.C. on the ruling of the Supreme Court regarding the Natural Products Marketing Act. It is expected that the hearing will take place next month, but a decision may not be handed down until the Council convenes again next spring.

If the latter is the case, then the Attorney-General would start proceeding in the lower courts with the idea of shoving through the new Act to the Privy Council in any event.

Hon. Gordon Sloan will not go to London to act for the Province in the Marketing Act case, but will delegate the legal duties to Mr. J. W. deB. Faris, K.C., who is at present in London.

## Fortunate In Co-operation

Mr. G. A. Barrat, on returning Tuesday morning, remarked that the delegation was fortunate in getting the co-operation it did from the Government.

"Mr. Haskins certainly had a task to put over," he continued, "as there was one lawyer going down to tell all other lawyers they had been wrong for fifty years."

But the two references, one from the Dominion standpoint and the other from the Provincial, which will be put through to the Privy Council, should clear the air, Mr. Barrat considered. If both are turned down, then the Privy Council will have to eat its own words, as it has said on previous occasions that either the Dominion or the Province had the control in previous matters.

"They got everything included but the kitchen sink," was Mr. A. K. Loyd's jocular remark after hastily scanning the new Act. Mr. Loyd intimated that it was unlikely that any work on a scheme under the new Act would be undertaken before the annual convention of the B.C.F.G.A. next January.

The old-time prize waltz was won by Mrs. Bert Knox and Mr. Robt. Ritchie.

## ELLISON LOCAL OF B.C.F.G.A. ELECTS OFFICERS

W. Bulman Re-elected As Chairman And Fraser Black Chosen As Secretary

ELLISON, Nov. 26.—A meeting of the B.C.F.G.A. Local 1 was held on Thursday evening, Nov. 19. The Local having reached the end of its year, election of officers took place. Mr. Wm. Bulman was re-elected as Chairman and Mr. Fraser Black elected as Secretary. Mr. John Baron was appointed delegate to the B.C.F.G.A. convention to be held in Kelowna in January. The meeting favoured the nomination of Mr. A. K. Loyd for District Director, and two or three resolutions were drawn up to be submitted at the convention.

A canvass of the district is being made for contributions towards the Christmas Tree for the children, a yearly event to which they look forward.

## REPAIR WORK ON GLENMORE DRIVE IS NEARLY DONE

Five Teams Have Been Hauling Gravel For Over A Week To Rush Completion

GLENMORE, Nov. 26.—The work of repairing Glenmore Drive is nearly completed. Five teams have been at work hauling gravel, for over a week, in order to rush the work along so as to get finished before winter sets in.

Miss Lena Martin, of Kelowna, is spending this week with friends here.

Mr. Bert Kerr is progressing favourably in the Hospital since his recent operation.

The members of the United Church Guild met at the home of Mrs. W. R. Hicks on Friday last and arranged for a home cooking sale, which is to take place the latter part of next week.

## WEDDING UNITES PIONEER FAMILIES

Isobel Gertrude Haynes Becomes Bride Of Daniel Saucier

A wedding of much interest in the Okanagan took place in the Church of the Immaculate Conception on Monday, November 16, at 9 a.m., when two pioneer families were united in marriage in the persons of Isobel Gertrude, second daughter of Mr. and Mrs. John Haynes, of Osoyoos, to Mr. Daniel Saucier, fourth son of Mr. and Mrs. Joe Saucier, Very Rev. Father McKenzie officiated.

The bride who was given in marriage by her brother Joe, entered the church to the strains of the Wedding March, played by Mrs. Guernard Sr. She was charming in a gown of floor-length cream crepe and small turban, offset with her mother's wedding veil. She carried a shower bouquet of white and maize chrysanthemums.

The groom was supported by his brother-in-law, Mr. Oswald Burke.

After the ceremony a wedding breakfast was held at the home of the bride's parents, with only immediate relatives and friends present. A three-tier wedding cake embedded in white tulle centred the breakfast table.

The happy couple left on the 6:10 p.m. ferry for a honeymoon to be spent in southern points, and will later take up residence in Kelowna.

## FORTHCOMING UNITED CHURCH BAZAAR

Circles Of Church Have Been Making Elaborate Preparations

Always popular and ever attracting a goodly crowd, the United Church Bazaar, which is being held on Thursday, Dec. 3rd, from 2:00 p.m. until 9:00 p.m., promises to equal the best of its predecessors.

Under the able leadership of Mrs. H. L. Glenn, the various Circles, enrolling almost 150 women of the congregation, have been preparing throughout the year for this important annual event, and the various stalls will show the individual touches of these organizations, while the Church

Hall will be beautifully decorated through their efforts.

The men's booth under the supervision of Mr. John Stewart, has always been one of the outstanding attractions, while other features will provide something for everybody, including Christmas gifts, fancy work, a "White Elephant" booth, a Christmas Tree for children and a sale of home cooking.

The social side of the occasion is not being neglected, for afternoon tea and light suppers will be served.

Green suitable weather, the United Church Hall next Thursday should be a popular meeting place for many.

C. N. R. REVENUE SHOWS BIG GAIN OVER 1935

VANCOUVER, Nov. 26.—The gross revenues of the all-inclusive Canadian National Railways system for the week ending November 21, 1936, amounted to \$3,897,600 as compared with \$3,470,413 for the corresponding period of 1935, an increase of \$427,187.

## 1ST RUTLAND TROOP

"Do a good turn daily!"

Edited by "Kangaroo"

Orders for the week ending Nov. 23. There will be no meeting of the Troop this week, owing to the Community Hall being engaged for the annual dance of the Boy Scouts Association.

Attendance at the meeting on Friday last was 28, one better than the previous week. The programme for the evening included physical drill, marching exercises, knot tying and tenderfoot and Second Class work in corners under the Patrol Leaders. A number of tests were passed and several recruits are now ready for investiture.

A special basketball practice of senior Scouts was held after the meeting, in preparation for proposed home-and-home games with the Kelowna Scouts. The Patrol Competition standing is now: Kangaroos, 491; Seals, 454; Foxes, 450; Beavers, 398.

## BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

By Scoutmaster

Orders for the week commencing Thursday, November 26th, 1936. Duties: Orderly patrol for the week, Otters; next for duty, Beavers.

Rallies: The Troop will rally at the Scout Hall on Tuesday, December 1st, at 7.15 p.m. As the weather is getting colder, it will be permissible to wear long pants with uniforms.

The usual basketball practice will be held on Friday for all those who attended the meeting, commencing at 6.30 p.m. for the youngest Scouts and 7.30 p.m. for the Scout Intermediate "B". Now is the time to get busy on those tests, Scouts, before the Christmas exams begin. Let's start another real campaign on this work and have some of your shirts get a little colour harmony on them, badges! Eugene Ryan passed his Second Class signalling last week. W. Ward was ready to pass the same when this column was written and several others are all busy doing their utmost, so why can't we all? Come on, 1st Kelowna Scouts, let's go! Next stop, all-round cords!

### Scout Notes Of Interest

A challenge to a speed contest in making fire with the Indian fire bow has been issued to other Toronto Boy Scout troops by the Scouts of the 140th Troop of Catholic Settlement House.

The "Jacobs-staf," the instrument used by early Dutch navigators in their adventurous voyages, has been selected as the crest and emblem of the Fifth World Scout Jamboree, to be held in Holland in 1937.

"When the Boy Scouts come to Galt we never have to augment the police force, even if they are 10,000 strong."—Alderman L. C. Fleming, welcoming 100 junior Scout leaders to a two days' conference.

An unusual Scout gallantry award was that of the Silver Cross to a deaf and dumb Rover Scout, George Biddle of the 154th Glasgow (Handicapped) Group. Fully clothed and wearing heavy boots, Rover Biddle waded into the River Clyde at Broomielaw and rescued a woman, a would-be suicide.

By an announcement in the Statute Journal of Poland, the Polish Scout Union has been granted the exclusive privilege of conducting Scouting in that country. The announcement which gives effect to an Ordinance of the Council of Ministers of April 8, 1936, describes the Scout Union as "an association of higher usefulness," and stipulates that the training shall be that "contained in the Scout method of Baden-Powell."

Added to other record-breaking distinction, the huge "company" of 1,000 boys and leaders who put on the play "Boy Scout," one of the last London theatrical season's biggest successes, was notable for its discipline. The boy actors were handled as a gigantic "Scout Troop," with Ralph Reader, the producer-director, in the role of Scoutmaster. "Boy Scout" played to packed houses on four successive nights at Albert Hall, one of London's largest auditoriums.

## RECREATION CENTRE ORGANIZED FOR EAST KELOWNA

First Class For Boys And Girls  
Of Fourteen And Over Will Be  
Held Thursday Evening

At a meeting on Thursday evening, at the East Kelowna Community Hall, it was decided to establish a Recreation Centre for all boys and girls fourteen years of age and over. Equipment will be obtained from the Department as soon as possible.

On this Thursday evening, November 26, the first class will get underway at the Community Hall, and a general invitation is being extended to East Kelowna residents to visit the Centre and obtain an idea of the various activities carried on in a Recreation Centre.

At the organization meeting Mr. Jack Lynes, Instructor for Kelowna and District, outlined the work to be carried on and gave a short resume of the Department's work. Mr. Lynes will be at the Centre each Thursday evening during the winter months.

## PENTICTON LOCAL WOULD HAVE B.C.F.G.A. SOLELY IN CONTROL OF OKANAGAN FRUIT INDUSTRY

All Other Bodies Should Be Subsidiary To Association—Will Vote On Increasing Amount Of Levy To Ensure Control—Peach Deal Reviewed And Warning Given That Production Of Soft Fruits Will Be Greatly Increased In Few Years

## RUTLAND PHYSICAL CULTURE CLASSES PROVE POPULAR

Larger Crowd In Attendance  
Each Week, With Total Registration Of Seventy-Five

The place that the B.C.F.G.A. should take in the fruit industry and the peach deal in the 1936 season were two important subjects discussed fully at a meeting of the B.C.F.G.A. local in Penticton recently.

It was finally decided, so far as the peach deal was concerned, that no blame could be fixed for the lower values on peaches this past season, but that they had been allowed to slip too low before the dump duty was obtained.

The B.C.F.G.A. should be the sole body in control of the fruit deal in the Okanagan, the Penticton meeting thought, and all other bodies should be directly subsidiary to it. That steps should be taken immediately to place the B.C.F.G.A. in a strong position so that it could take the lead in determining the control of tree fruits in the Valley, was the contention.

### Get Effective Control

A resolution asking that power be given the B.C.F.G.A. to increase the amount of the levy from one-fifth of one cent per box to any amount necessary to establish effective control of the industry found general support and will be submitted again at the annual meeting of the local.

One member suggested that there was no need of having two bodies running the fruit crop in the Okanagan, where one could do the work. Another remarked that the B.C.F.G.A. must control any scheme for marketing, and having two or three bodies working at cross purposes only caused confusion.

A suggestion that Country Life be no longer supported by the B.C.F.G.A. and a mimeograph sheet substituted did not find favour, and it was decided that Country Life, as the official organ of the Association, was of value.

Regarding the peach deal, Capt. H. A. Porteous reviewed the situation, pointing out that apparently no notice had been taken of Mr. E. A. Lewis' almost daily requests to Ottawa for the duty. Finally Mr. Lewis had wired the Minister of National Revenue personally, and the duty had been applied the next day.

### Did Not Believe Estimate

It was suggested that a possible reason why the Fruit Branch at Ottawa was not anxious to have the tariff applied was because it did not altogether believe the second peach crop estimate sent out. The first placed the peach crop almost at the zero point, and later in the season this was found to be incorrect and was revised.

That a "protected or subsidized" peach industry might be a solution was one recommendation, while another grower felt that just because there was a short crop the grower should not have to take a loss. The government should not protect the consumer to the loss of the grower, he felt.

But another grower remarked that the voice of the consumers can be heard far more loudly at Ottawa than that of the growers, and if the consumers kicked at the protection, it might readily be removed.

A warning that the soft fruit crop of the Valley will be greatly increased in the next few years and that machinery will have to be set up to cope with this increasing production, was also voiced. Dozens of young orchards are going to come into bearing in the south within the next five years, it was predicted. Next year, if nothing happens in the meantime, the peach crop will be the largest in the past ten years, and there will probably be a surplus of prunes.

## TABLE TENNIS BODY WILL MEET SOON

For the third successive year table tennis experts in Kelowna and district are organizing for the winter months. Next Friday, November 27, will see the first meeting of the year at the Knights of Columbus Hall, when all members and prospective members are expected to be present. Election of officers and general business discussion are expected to occupy most of the session.

### NOCA BUTTER WINS HIGH PLACE AT TORONTO SHOW

The physical culture classes being held in the Hall on Monday evenings draw a larger crowd each week, about 75 people now being registered. Equipment is expected shortly from the Coast and the Club is planning a dance early in December to help defray the costs.

Rev. Father Jansen left on Friday last for Germany to visit his father, who is in failing health. Father Jansen expects to be absent about three months.

The fortnightly meeting of the Welfare Club was held at the home of Mrs. C. H. Bond on Wednesday evening last.

Evensong will be held at St. Aidan's (Anglican) Church on Sunday next, Nov. 29th, at 3 p.m.

There was an attendance of about fifteen growers at the first meeting of the season of the Rutland Local of the B.C.F.G.A., held in the basement room of the Community Hall on Friday evening last. President A. K. Loyd reviewed the work of the Association during the past summer and gave a detailed account of the recent Executive meeting held in Kelowna, reports of which appeared in the press.

Several resolutions of minor importance were passed, the only action of real significance being the endorsement of a Penticton resolution favouring the placing of the B.C.F.G.A. at the head of the industry and making any marketing agency responsible to that body.

The annual meeting of the Local is to be on Tuesday, Dec. 8th, and Mr. Loyd indicated that it was his desire to be relieved of the work of Chairman of the Local while also holding the position of President of the Association.

Nomination of a Director for the Kelowna district resulted in the presentation of only one name, that of Mr. A. K. Loyd.

Mr. Wm. Hardie, Jr. is a visitor to the Coast and to Seattle at the present time.

The Mission Circle of the United Church met at the home of Mrs. Kidney on Thursday evening last, this being the opening meeting of the season. Plans for the winter activities were discussed.

## BENVOULIN

BENVOULIN, Nov. 26.—Plans are well under-way for the annual-chicken supper, which will be held at the home of Mrs. J. B. Fisher on Friday night. Serving will commence at 6.30 p.m.

Friends of Mrs. Swordy were pleased to hear that she held the lucky ticket, having drawn first prize, a solid walnut tea wagon, at the Catholic Bazaar on Saturday night.

Mrs. Arthur Weeks and infant daughter, Helen Grace, were guests at the home of Mrs. W. Hoosen last week.

Miss Mary Fisher returned on Monday, after a week's visit in Vernon.

Mrs. Robert Hall and her daughter, Mrs. Gladys Reid, left on Friday last for a short visit with Mr. and Mrs. Bert Hall of Oliver.

Mrs. Fred Day left last Wednesday for a visit to Mrs. Dow in Enderby.

place at the recent Toronto Royal Winter Fair. There were three butter classes with a total of 250 entries. The prize winning Okanagan butter was made by the creamery at Vernon, where is located the head office of the Okanagan Valley Creamery Association, an organization of 900 dairy farmers. This concern has won over sixty prizes for its creamery butter in the past four years.

## ARE YOU ON THE BORDERLINE OF ACTUAL SICKNESS?

Constipation\* Causes Discomfort, May Lead to More Serious Troubles

You may have days, perhaps even weeks, when you feel below par. Not sick enough to go to bed, but certainly not at your best. The trouble may be with your diet. Poorly balanced meals can affect your physical condition.

Meals which lack proper "bulk," for instance, may lead to common constipation. Continued neglect of this condition causes discomfort, may lead to headaches, poor appetite, listlessness.

Guard against common constipation. Make sure the meals you eat contain plenty of "bulk." Kellogg's All-Bran is a generous source of effective "bulk." Within the body, it absorbs moisture, forms a soft mass, and gently cleanses the system.

Two tablespoons daily, with milk or cream, are usually sufficient. Stubborn cases may require ALL-BRAN either as a cereal, or cooked into muffins, breads, etc. Eat it regularly for regular habits.

ALL-BRAN is guaranteed by the Kellogg Company. Sold by all grocers. Made by Kellogg in London, Ontario.

\*Constipation due to insufficient "bulk"

# Cherry Processing Application Is Being Heard At Ottawa

E. J. Chambers And V. B. Robinson Present Briefs Before Tariff Board Today To Endeavour To Obtain Increase In Protection Against Importation Of Processed Cherries—Would Like To Maintain 1936 Price Of 14½ Cents To Buyers—Expect Opposition From Eastern Manufacturers

MR. E. J. CHAMBERS and Mr. V. B. Robinson are in Ottawa today presenting their briefs before the Tariff Board on the application by the Okanagan processed cherry industry for an increase in tariff on imported processed cherries, up to a standard so that the Okanagan grower and processor may be allowed to make a reasonable profit on their transaction.

The B.C.F.G.A. has had a committee at work on this subject for nearly a year, and some valuable data has been accumulated. It is expected, however, that there will be strong opposition to the application from eastern manufacturers, who wish to purchase the Italian cherries at the cheaper price, regardless of the effect it might have on the Canadian industry.

Mr. Chambers is presenting a brief from the growers' angle, while Mr. Robinson, Manager of the Regal Fruit Products Ltd. at Summerland, is presenting the processors' viewpoint.

### Chambers' Brief

Mr. Chambers' brief is published in part as follows:

"The processing of cherries for use as glazed cherries or maraschino was commenced as an experiment in 1932 by the Associated Growers. The equipment necessary was installed at one of its local association's plants, the Penticton Co-operative Growers. Previous to that, the Federal Government arranged for a series of experiments in respect to the use of fruit for processing purposes, at the Experimental Farm in Summerland. The experiments were carried out by Mr. F. E. Atkinson, who had just recently completed a course in fruit processing at Corvallis University, Oregon.

"The work carried on by the Farm has been very valuable; particularly so in respect to the assistance and supervision that was given by Mr. Atkinson in the early stages of the cherry processing.

"We presume the object of the Federal Government in establishing such service was to provide an outlet for surplus fruits and to replace importations with Canadian products, and we feel sure that it will be admitted that in the carrying out of this work it would be natural that it would have to be linked with a certain amount of assistance on the part of the Federal Government with respect to reasonable protection on any Canadian production to take the place of imported.

### Small Beginning

"The first season's experiment was approximately 18 tons, and there was the usual difficulty in having distributors handle a different product to what they had been accustomed. The first year's experiment demonstrated, however, that the product was satisfactory and the following year over 100 tons were processed. About that time the Regal Fruit Products Limited and other interests, realizing the possibilities, established a plant at Summerland and this last season approximately 400 tons of fresh cherries have been put up in sulphur solution.

"Up to the present year the returns to the producer have not been satisfactory and this year they will still be below cost of production, if interest on investment is taken into consideration. Under average conditions, it is doubtful if cherry production can be classed as being on a satisfactory basis unless the producer is assured of approximately 7c a pound for the fresh fruit, but we believe that the grower would be satisfied to waive interest on invested capital and accept reasonable operating costs, which should not be less than 5c or 5½c a pound for the fresh fruit.

"The prices returned by the Associated Growers to its members for the fresh cherries delivered for processing purposes during the last five years were as follows: 1932, 3c lb.; 1933, 3½c lb.; 1934, 4½c lb.; 1935, 4c lb.; 1936, estimated at 5c lb. The above prices are approximate as there is a slight variation in respect to handling costs of local associations, but there would not be a variation of more than 1/10c a lb. and costs involved, outside of those directly connected with the processing of the cherries, would not be more than 1/5c a lb., including assembling of supplies from other localities to the Penticton plant.

### Returns Greater In 1936

"To date, Vancouver firms have handled all cherries put up in sulphur solution in British Columbia, and the prices delivered Vancouver basis No. 1 realized by the Associated Growers, which we believe would be approximately the same as other interests, were as follows: 1932, 12c lb.; 1933, 12c lb.; 1934, 13c lb.; 1935, 13c lb.; 1936, 14½c lb.

"It will be noted that there is a marked improvement in 1936. This is a direct result of the sanctions against Italy and with sanctions withdrawn the industry that has been built up to considerable importance, and which is certainly possible of further development, is faced with the situation where it is almost impossible, without some assurance against the importation of low priced foreign cherries, to maintain its present position, leave alone any further advancement. The growers were content in the first year or two to accept the prices obtainable in the hope that, when the question of quality and volume was demonstrated, sufficient protection would be given to enable the producer to receive a reasonable recompense for his labour and other costs.

"In any representations previously made, two points have been stressed in opposition to further protection. First, the question of the suitability of the Canadian product, and, secondly, would the volume available provide a reasonable percentage of the Canadian requirements.

### Product Satisfactory

"During the past four years it has been demonstrated that the British Columbia product is satisfactory, as manufacturers obtaining their supplies from B. C. have been able to furnish a product satisfactory to distributors and consumers.

"During the first few years the processing was confined to Royal Anne and other varieties of a similar nature, but during the past two years experiments have been made with black and semi-black cherries, and it is fairly well assured now that, if picked at the proper stage of maturity, practically all varieties of cherries having a firm texture are suitable for this purpose. During this past season over 100 tons of black cherries have been used.

"The average cherry crop in British Columbia for the last seven years was approximately 1,600 tons a year. Approximately 25% of the production of varieties that are considered as more suitable for processing than for shipping, which would be 400 tons. On the basis of the past seven years' average production and average marketing conditions, another 500 tons of black cherries should be taken off the fresh fruit market, as during such seasons there is always a surplus at the peak of deliveries that overflow the capacity of the Canadian markets to absorb, with resulting unsatisfactory prices.

### Meet All Requirements

"A survey made by Mr. Atkinson, of the Experimental Station, in 1933 estimated the possible total requirements of Canada of cherries for processing purposes as between 1,000 and 1,200 tons of fresh fruit. From the figures given above it would appear as if, with the quantities that would probably be available in Eastern Canada, the present production is such as to come close to meeting the entire requirements of Canada.

"In 1935 the Department of Horticulture of the Provincial Government of British Columbia made a careful survey of the orchards and this indicates a very great increase in the production of cherries during the next few years. The survey covers the Okanagan and Kootenay territories and the following is the number of cherry trees:

Okanagan		Trees
Age		
1 to 5 years	11,245	
6 to 10 years	7,952	
Over 10 years	26,758	
Kootenay		Trees
1 to 5 years	11,017	
6 to 10 years	12,323	
Over 10 years	17,545	

"The 6 to 10 year old trees should double their present production within a year or so and the one to 5 year old trees, some will just be starting to bear and in five years' time should represent an increase in production of at least 30% over present total production, and, barring some unforeseen contingency, it would appear as if the cherry production in B. C. will, in the next five years, increase by 50%, which would bring the average up to approximately 2,400 tons.

### Remove Surplus Of Fruit

"It is quite evident that, unless some means can be taken to remove a very considerable portion of this production from the fresh fruit market, there will be a surplus at the peak load that would be impossible for Canadian markets to absorb.

"The duty on cherries in brine is 17½% and for cherries in sulphur solution 32½%. Apparently the 32½% duty is of no value to the industry, so far as we have been able to ascertain, all cherries imported have been shown as in brine, although we understand that the sulphur solution is used with just enough salt added to justify calling it brine. This duty is based on cost of the product at point of shipment, which is very inadequate protection when conditions of production and processing where the bulk of supplies have been obtained in the past are compared with those that the Canadian producer has to meet.

"The prices for 1936 are the absolute minimum at which the producer could be expected to continue to grow fruit for this purpose, and this price is based on a delivered price Vancouver of 14½c for processed cherries. Imported cherries have been delivered at Vancouver as low as 10½c basis No. 1s. The Canadian industry cannot survive if competition such as this again appears, and there is every indication at the present time that it will.

### Fair Market Value

"We appreciate the difficulty in establishing a tariff that will give the protection at the low price levels without unduly enhancing values when they reach higher levels, but would respectfully suggest that, if some plan could be adopted similar to what is now applied in respect to fresh fruits where a fair market value could be

## PROCESSORS' BRIEF AS PREPARED BY V. B. ROBINSON

### Processors' Viewpoint

"We suggest that a careful check be made on all importations of so-called 'cherries in brine.' The presence of sulphur dioxide should be sufficient evidence to place the fruit in the classification of 'cherries in sulphur,' calling for the higher tariff of 32½%," states Mr. V. B. Robinson in presenting the processors' brief.

"The Penticton Cooperative Growers is an organization owned and controlled by the growers of Penticton, British Columbia. Its products are marketed through the Associated Growers, a grower owned and controlled selling organization.

"Fresh cherries are received at the Penticton Cooperative Growers, sulphured, stemmed and pitted, and then sold to British Columbia processors.

"Faced with a surplus of cherries that would pull down price levels on the fresh fruit market, the Penticton Cooperative Growers turned to processing in 1932.

"During the first season, 18 tons of cherries were processed with the assistance of experts from the Dominion Experimental Farm. The following year this tonnage was increased to 134. Tonnage for subsequent seasons is as follows:—1934, 138 tons; 1935, 109 tons; 1936, 183 tons.

"Regal Fruit Products Ltd. own and operate plants at Vancouver and Summerland, British Columbia. Sulphured cherries are glazed at the Vancouver plant and from there distributed to the trade in Western Canada. Fresh cherries are received at the Summerland plant, treated with sulphur dioxide with the addition of calcium, stemmed, pitted, and shipped to the Vancouver plant.

### Glazing Unit Added

"A glazing unit has just been added to the Summerland plant. In the future a certain portion of the tonnage of processed cherries put out by the Summerland plant will be glazed at Summerland.

"The Company was organized in 1933. Tonnage of cherries handled since inception follows:—1933, 47 tons; 1934, 87 tons; 1935, 65 tons; 1936, 180 tons.

"During 1933 and 1934 receipts were confined to cherries of the light variety, such as Royal Annes, Yellow Spanish, etc.

"In 1935, in order to firm the fresh fruit market, 10% of the receipts were Bings and Lamberts, dark varieties considered unsuitable for processing and usually sold on the fresh fruit market at prices considerably in advance of those paid for cherries for processing.

"Experiments with the dark varieties in 1935 were sufficiently encouraging to warrant an increase in the tonnage of these varieties for processing in 1936.

"During the past few years it has been necessary in order to prevent a glut on the fresh fruit market of Western Canada to send a certain quantity of cherries to Eastern Canadian or American markets. Sending fruit to these markets has been a speculation. Some years prices received were sufficient to make the growers a small return. In others, red ink to the growers resulted.

"As additional acreages now planted will be coming into bearing shortly, this problem of disposing of surplus cherries will become more acute and the necessity greater for establishing a profitable outlet through the processors.

### Cash Payments

"Prior to 1936 returns were made to the growers in two payments, one in the late fall and one in the late spring. In 1936 payments were made in cash at time of delivery. This is considered an ideal method by the grower. It gives him cash at a time when it is most needed. Cash payments at time of delivery are impossible on a market threatened by foreign importations.

"In 1936, 924,000 pounds of fresh cherries were processed in British Columbia.

established on the basis of a delivered price Vancouver and Montreal at not less than 14½c, such an arrangement would enable the industry to develop without affect the processing interests and would not to any appreciable extent affect the consumer. We do not believe that the increase in price to the consumer in 1936 as compared with 1934 for the finished product has been noticeable.

"Since has been demonstrated that Canada can produce a satisfactory cherry for this purpose, also that there will in the near future be sufficient quantities to meet the demand, we feel that every encouragement should be given to this industry as it is of considerable assistance in solving the present-day problem of unemployment.

"The labour cost in relation to the finished product is very high. The sulphur is manufactured in Trail, B.C., and the barrels at Vancouver. Practically the entire cost of production, processing, shipping and selling contributes to the payroll of Canada. It should also be borne in mind that the trend today is towards guaranteeing a reasonable wage for the worker. British Columbia already has rather stringent minimum wage laws which during the past year have increased the cost of production.

"If it is considered to pass legislation in Canada providing that a minimum wage will be paid to employees, it should be equally desirable to insure that no competitive imported product would be allowed to enter that is produced under different labour and production conditions or sold in Canada at prices below what should be a reasonable cost of production in Canada."

lumbia; all purchases were from British Columbia growers. At the prevailing price of 5c per pound fresh fruit, \$86,200 was returned to the growers. Had foreign competition forced the price to 1933 and 34 levels, the growers would have received but \$27,720.

"During the first two years that cherries were processed in British Columbia growers were willing to let their fruit go at slightly over 3c per pound. This was to experiment with and establish a new outlet for their fruit. They have no desire, nor can they afford to return to those price levels—a position to which they must return if foreign processed cherries are offered on the Canadian market at prices prevailing at that time.

"It is interesting to note that, while the manufacturers of glazed cherries in British Columbia were in a position because of shortage of imported stock, to advance the price of the finished article to the trade, no such advance was made and the prices were satisfactory to the grower, processor, glacer and the trade and consumer.

### Supply Western Canada

"Vancouver glacers are supplying the Canadian market from fruit shipped to Victoria. Approximately 75% of the cherries sold in this territory are from stocks held by Vancouver glacers. There is no reason other than personal preference on the part of the buyer why the entire requirements of Western Canada could not be met by British Columbia manufacturers. Quality and prices are on an equal footing with Eastern manufacturers who use imported fruit. Raw materials are available.

"Production of glazed cherries in Western Canada has reached the point where it represents an industry of no mean size. 1936 production represents \$46,200.00 paid to growers, \$133,980.00 paid for processed cherries, and \$235,670.00 sale of glazed cherries.

"The difference in price paid to the grower and that received from the trade represents labour in sulphuring, pitting, stemming, purchase of sugar and packages, and labour in glazing. All materials with the exception of the small quantity of dye used are produced in British Columbia, thus swelling the British Columbia payroll. All labour employed is local.

"The province of British Columbia pays by law the minimum wage to be paid to workers in the processing and glazing industries. On every pound of cherries produced five cents is paid out in labour. We submit that it is inconsistent to maintain by law minimum wages in order that a certain standard of living might be maintained, and neglect by law to protect that schedule of wages and standard of living. Under existing conditions Canadian growers are in a position to pay for workers within the industry set by law and hence cannot be reduced must be content to take returns on a par with those received in the country of origin of imported fruit, or else go out of business.

"Fresh fruit markets will not absorb at a reasonable price existing and potential surpluses. It is impossible in fruit culture to change schedules and methods of production at a moment's notice. It follows, then, that failure to protect the grower against foreign importations must result in slowly but surely forcing the Canadian fruit grower out of business.

"Since the 1936 price level was satisfactory to all parties concerned, and since the present tariff makes possible the importations of fruit at a level which will pull down the existing price structure, it is requested that protection be given to the Canadian grower against the importation of foreign cherries at prices lower than the 1936 level, that is, 14½c per pound for processed cherries, or cherries in brine, or cherries in sulphur, at port of importation.

"No attempt is being made to secure protection that will force the Eastern manufacturer to purchase Western Canadian cherries, or to place the Eastern manufacturer at a disadvantage. All that is being asked is that protection will be given that will maintain present price levels and place all manufacturers of glazed cherries on an equal footing.

"In asking for this protection growers and processors, since the two are, or should be, tied together by mutual interests, are but following in the steps of growers and processors across the border. Not so long ago, the United States imported its entire requirements of glazed cherries. As cherry plantings came into production its growers were faced with the problem of surpluses of fresh fruit and the economic necessity of keeping certain varieties off the fresh fruit market in order to protect prices for the remaining supplies. Processing cherries offered a solution to this problem.

"At that time growers and processors turned to the United States government for protection against the importation of foreign supplies. They succeeded in securing a specific duty of 9½c per pound of 'sulphured cherries' or 'cherries in brine'. As the result of that protection the processing industry in the United States has grown to one of large proportions. This industry is directly due to the policy of protecting American growers and processors.

"In this connection it is interesting to note that the prevailing quotation, Seattle, Oct. 5th, 1936, for glazed cherries is 34½c per pound, just 9½c above the existing Canadian quotation.

"In order to ensure the Canadian grower a fair return on his investment and labour, in order to take care of an existing and ever-increasing surplus of fruit in order to firm market prices for dessert varieties reaching the fresh fruit market, in order to comply with provincial regulations regarding minimum wages, in order to maintain on a sound basis a processing industry that has passed out of the experimental stages, and in order to place Eastern and Western Canadian manufacturers of glazed cherries on an equal footing, it is requested that protection be given to ensure prices of 14½c per pound at port of delivery for 'cherries in sulphur' and 'cherries in brine'."

Woman—No, I tell you I object to giving money at the door!  
Tramp—Well, ma'am, perhaps you'll hand it out the window. I'm not particular.

## TWENTY KELOWNA A.Y.P.A. MEMBERS ATTEND MEETING

First Convention Of Okanagan Branches Of Organization Held At Vernon

On Saturday, November 21, twenty members of the Kelowna Branch of the Anglican Young People's Association attended a convention of the Okanagan Branches in Vernon.

Commencing at 2.00 o'clock, an official address of welcome was rendered by Rev. H. C. Gibson to visiting Branches from Kelowna, Penticton, Oyanam and Armstrong. Mr. Charles Hunting, of Vancouver, Chairman of the Provincial Extension Committee, acted as chairman of the meeting. Speakers from Vernon, Coldstream and Penticton took sections of the Four-fold Programme of the A.Y.P.A. Constitution as their subjects and they gave very helpful suggestions for the organizing and carrying on of A.Y.P.A. Branches.

The visiting Branches were entertained at a banquet held in the Burns Memorial Hall, at which Mayor Prowse, Bishop Adams and the visiting

clergy were present. A toast to the A.Y.P.A. was proposed by the Bishop. Following the banquet, the visitors were invited to a dance in the Parish Hall.

On Sunday morning the A.Y.P.A. gathered at All Saints Church at 8.00 o'clock for Corporate Communion, at which Bishop Adams officiated. Breakfast was served at the Burns Memorial Hall, after which the final mass meeting was held in the Parish Hall for the purpose of forming a Denary Council for the Okanagan. Mrs. F. G. Saunders, of Coldstream, was elected as President of the Council.

Following this meeting, the Young People, about one hundred strong, attended district worship at 11.00 a.m., in which Kelowna and Penticton young people took an active part.

On Sunday afternoon, the Local Council, consisting of the Presidents of the five attending Branches, met at the Rectory to discuss the Constitution of the Denary Council and methods of governing the Okanagan Branches under its jurisdiction.

This convention is the first of its kind held by the Association in the Okanagan. It proved a great success and all present received much valuable information. It is hoped by all A.Y.P.A. members throughout the Okanagan that it will become an annual event.

Britain rejoicing in prosperity looks forward to a gloriously happy Christmas. But Christmas festivities will begin for you the moment you board a Cunard White Star or Donaldson Atlantic "Christmas Ship"; a wonderful foretaste of the Yuletide happiness you will find among "the folks at home".

## INDUSTRIES OF B.C. REVIEWED BY CHAMPION

(Continued from Page 1)

the privilege of examining your purchases, and if not quite right, of exchanging. By supporting your home town merchants, you are supporting the men who are mainly responsible for the fine city you have here.

### Countless Numbers

Another B. C. article which received attention was a doctor's medical glove which is acid resisting. Paper bags, handles for picks and axes, stoves made in Victoria, baggage, awnings, patent medicines, toilet articles, twine, wool and yarn, blankets, paper products, milk, cellophane tops for fruit jars, and cereals, were all reviewed as being B. C. Products.

The Royal Products in Summerland has now started to manufacture a elder vinegar which is superior to the mall vinegar because of its preservative qualities, he claimed. There is a potential market for \$150,000 worth of elder vinegar in B. C.

Pacific Milk Company exports to 11 foreign nations, and Egypt is its chief customer. Tea, coffee and baking powder are all packed in this province, also glass cherries are manufactured right in the Okanagan.

The Canadian Cannery organization is the largest organization of its kind in the British Empire, he claimed, showing the well-known Aylmer brand label.

Nut bars, candy, jams, peanut butter, mince meat, extracts and spices, soups, pickles, canned meat, corned beef, puffed rice, which is being manufactured right in Kelowna, spaghetti and macaroni, are all manufactured, produced or packed right in the province, which has the highest standard of living of any province in Canada.

### Institute Great Help

Throughout the Okanagan, and on Vancouver Island the Women's Institute has been a great help to Mr. Champion on his tour every year, he stated, and its loyal support was greatly appreciated.

He was impressed with the wonderful response of the Okanagan residents to the pleas of their less fortunate citizens in Saskatchewan. This is a wonderful expression, he thought, and brings credit to the whole province.

In the percentage of tax returns Kelowna cannot be equalled, he found, and this shows the prosperity, loyalty and support of the residents, who are not content with that, but must then go out and build roads.

## SPECIAL PICTURE IS WELL RECEIVED

Young Women's Club Draws Packed House For Empress Theatre Attraction

Another packed house received the special picture and entertainment provided by the Kelowna Young Women's Club on Tuesday evening, November 24, at the Empress Theatre. Not only was the picture received with favour, but many gratifying remarks were heard regarding the standard of entertainment staged between 9 and 9:30 o'clock. The Club will net about \$100 from the show.

The picture on the screen was "Come out of the Pantry", starring Jack Buchanan, well-known English actor, and caused howls of mirth throughout. News, a pictorial and a musical short completed the screen programme.

The first little entertainer to appear on the stage was Morag Macdonald, who danced a military tap. She later appeared to give "Tappers Petal", and was heartily enjoyed.

Audrey Dilworth and Janet Craig also received applause for their rendition of "Till Sing You a Thousand Love Songs", and later "The Way You Look Tonight".

Three dances by Kelowna pupils of Miss Mary Pratt, of Vernon, included the "Sailor's Hornpipe", by Ruby Waldron and Alleyne Glenn; the Minuet, an old-fashioned dance with Elizabethan costumes, by Ileana Perry and Sheila Fuller; and a tap dance, "Animal Crackers", by Mona Herbert. They received considerable praise.

Always a popular artist, Tiny Waldron's two solos, "A Little Bit of Heaven", and "Vista la Guibb", (Piagiacci) were no exceptions.

As a concluding item Mrs. Isobel Murray Campbell delighted her audience with three violin solos, accompanied on the piano by Mrs. A. J. Pritchard.

Mrs. K. McKergow was accompanist for all other numbers.

### TWO DIVORCES GRANTED

VERNON, Nov. 26.—A divorce decree was granted by Mr. Justice D. A. McDonald at the Fall Assizes here last week to Monica Lloyd Fisher and Cyril Martin Fisher, both of Penticton. The latter was the respondent. The divorce was not contested, and no respondent was named. Mr. W. A. Woodward appeared for Mrs. Fisher. A second divorce decree was granted to Caroline Lutz and John Lutz, the respondent being Louie Barmbaster, Penticton.

## GYRO CLUB LOSES TWO MEMBERS TO OUTSIDE CITIES

D. E. Oliver Has Gone To Victoria And Hugh McKenzie Goes To San Francisco

By the end of this week the Gyro Club of Kelowna will have lost two of its valuable members, the Club meeting on Tuesday evening at the Royal Anne was informed by President Chas. Gaddes.

Last week Mr. D. E. Oliver, accompanied by Mrs. Oliver, left for Victoria, where they will take up residence. Mr. Oliver will still retain his interest in the Crown Fruit Co. It is understood, and will return for two months out of the year in the busy season to superintend Mr. Dick Parkinson will now be Assistant Manager of the Crown.

Both Mr. and Mrs. Oliver will be much missed in golf and other circles in Kelowna.

A pen and pencil set is being forwarded to Mr. Oliver by his Gyro friends.

### Hugh McKenzie Leaves

This Saturday Mr. Hugh McKenzie, well known young Kelowna man, who is a member of both the Gyro Club and the Kelowna Fire Brigade, is leaving to make his new home in San Francisco. President Chas. Gaddes, on Tuesday night, wished Mr. McKenzie the best of luck in his new venture, and expressed the regret of the Club at his departure.

On Tuesday the Gyro Club agreed to support wholeheartedly any effort to stage Coronation celebrations in Kelowna. The matter of the annual May 24 celebrations will be left until a later date for decision.

Gyros Doug, Buckland and Lish Bailey are to represent the Gyro Club at the Coronation Celebrations Committee meeting on Friday, December 4. Lloyd Day and Bert Johnston reported on the progress of "The Hottentot", the comedy with the racy flavour which the Gyro Club is staging on December 10 and 11.

Gyro Dick Parkinson spoke on the jubilee protest meeting on Wednesday evening and Gyros Jack Ladd and Roy Stubbs were appointed to attend. The Gyros will also write the Vancouver Gyro Club explaining the situation.

As a concluding item, Mr. Joe Child, of the Soldier Settlement Board, Vernon, amused the Gyros with an entertaining yarn about a fishing trip. This concerned two well-known Gyros, and was not to their credit. After the fishing tale had been concluded, Mr. Child was heartily applauded for his side-splitting characterization of three men on a fishing trip.

## RETAIL MERCHANTS BUREAU TO CARRY ON AS CONSTITUTED

Largest Meeting In Years Finds Little Fault With Present Management

Definite decision to carry on the Retail Merchants Bureau of the Kelowna Board of Trade was made at a dinner gathering of that organization held in the Royal Anne Hotel last week.

Certain dissatisfaction with the methods of operation of the Bureau had been voiced previously, but last week the largest gathering of its kind held for some years voted the wish to carry on as at present constituted. The members were imbued with a feeling of confidence and showed a willingness to co-operate with their fellow merchants.

### More Frequent Meetings

Mr. R. J. Gordon, Chairman, asked for all the members to give voice to any grievances in management which might be felt. It was understood that the gatherings of the Bureau would be more frequent in future.

Mayor O. L. Jones addressed the gathering at some length and reminded the merchants of the need for co-operation in order to combat their opposition, which is chiefly centred around the mail order houses.

The Retail Merchants agreed to dispatch a wire to Dr. J. A. Harris asking him to support a movement to establish a Department of Trade and Commerce in the Provincial Government, so that the price cutters and less leader groups could be combatted more fully.

Christmas Trees For Bernard Avenue The Bureau agreed that it would again purchase the Christmas trees to be placed on Bernard Avenue, if the City Council would agree to paying for their decoration.

Mr. J. B. Spurrier spoke at length on the need for Kelowna merchants to continue their good work in circulating silver dollars wherever possible, and also spoke of the Carmi road bridge which had recently disappeared. The Bureau agreed to communicate with the Provincial Government in an endeavour to have this bridge fixed.

Mr. R. J. Gordon and Mr. Chester Owen were appointed a delegation to the Coronation celebration committee meeting on Friday, December 4. Mr. Percy Harding asked that more merchants support the drive for the east side Kelowna-Naramata road.

### L. F. Champion Speaks

As a concluding item on the agenda, Mr. L. F. Champion, B.C. Products Bureau Chairman, of the Vancouver Board of Trade, spoke briefly, outlining several plans adopted in other centres to combat mail order catalogue business.

Among other items he mentioned that the newspapers were always willing to co-operate with the merchants in an endeavour to place their advertising as attractively as possible before the buying public. It was the attractiveness of the catalogues, he stated, which was a drawing card for mail order business.

## WAR IN SPAIN INVASION NOT CIVIL STRIFE

A. A. McLeod, Toronto, Addresses Gathering In Orange Hall Here

Under the auspices of the League Against War and Fascism, Mr. A. A. McLeod, General Chairman, of Toronto, addressed a meeting in the Orange Hall on Saturday, November 21. Mr. Marvin Plant presided and prior to Mr. McLeod's address, Mr. Stephen Freeman, of Lavington, spoke to the meeting.

His message was one of warning against the dangers which will threaten if a Fascist state is set up in Spain. Hitler and Mussolini, once they have Spain within their grasp, will not rest until the balance of the Mediterranean is conquered. France will be the next victim and then what of England, the speaker asked.

General Freeman is working in close touch with Italy and Great Britain stands idly by. Mr. Freeman pointed out that Great Britain had never in her history fought a war without strong allies in Europe, and there has always been a group of allies.

### Spoke To Spanish

Mr. McLeod had just returned from the United States, where he had been speaking to a delegation from the Spanish Government. He believed that Canada could only be saved for peace and democracy by losing no more time in organizing.

He then briefly outlined the history of Spain from the 13th and 14th centuries, when she was a great nation until the present era when she is awakening. Many of her leading statesmen have studied democracy in the leading universities and have put their ideas into practice. It was in such a way, Mr. McLeod intimated, that the republic of Spain was established. It was accomplished without the firing of a single shot.

After the King and Queen were quietly taken out of the country, the provisional elections were held in 1931, a constitution was drawn up, and it was one of the most progressive constitutions in the world. Departments of state were set up. Sixty per cent of the people at this time were illiterate so a five-year plan of education was drawn up to give Spain 27,000 new schools, and 4,000 were opened in the first year of the administration by Marcelino Domingo. Seventeen thousand new libraries were opened and 5,000 free lunch counters provided in the schools. Wages were increased and hours of labour shortened, besides bringing in many cultural facilities for the use of the people.

Due to hesitation on the part of the old government, the situation led to widespread strikes and disorders, enabling the parties of the Right to get back in 1933. They diverted the funds for educational purposes into other channels. Mr. McLeod challenged, and they returned the country into long hours, poor wages, etc.

When the Spanish people found they had lost the path towards progress, new elections were forced in 1936, the speaker continued. The progressive parties, as the Popular Front, won two-thirds of the seats in Parliament and polled seven million votes as against four million for the Right.

### Moorish Troops Arrive

A republican government was set up, with new rights versus old privileges. On July 12 of this year General Franco led his Moorish troops, supplied with airplanes, tanks and machine guns into Spain, together with the Foreign Legion.

"There is no civil war or class war in Spain today," he charged. "The purpose is to exterminate the people. Franco said it might be necessary to execute 300,000 Spaniards before the end is accomplished. It is an invasion of Spain."

Mr. McLeod emphasized that it is a crime for those defending the Fascist movement to say that they are defending religion, and he claimed the Church in Spain had over-stepped the boundaries of religious practice.

The Spaniards themselves are not committing atrocities, but the Moorish troops are, as they have no appreciation of civilization. They have been brought into the country with the understanding that they are to loot, plunder, and steal, and do much worse. He quoted the London Times to prove this statement.

This is a struggle between darkness and light, he insisted, and many of the atrocities are being manufactured out of whole cloth.

When the Spanish delegation, consisting of Marcelino Domingo, Isabel Palencia and Father Luis Sarasola, visited Canada a short time ago, it addressed 7,000 persons in Toronto and had a civic reception in Hamilton.

### Visit To Montreal

"Their Montreal sojourn was arranged by such men as Professor Frank Scott and Professor Eugene Forsey, of McGill, but when a few Fascist youths from the University went to the Montreal Chief of Police and told him there would be trouble if this meeting were held, the police said there would be no meeting."

"What would happen in Montreal if Franco were to come to speak? The delegation was even forced to leave its hotel, in Montreal, and the lady had to be taken out the back door."

"If Madrid did it, it would be no more decisive than if Ottawa fell here. The spirit of the Constitutional Spaniard is that it is better to die standing on his feet than to be forced to his knees. If we let that happen in Spain, then it deserves to happen to us, too. If democracy wins out in Spain, long will be the reign of peace."

In conclusion, the speaker suggested that, since England has passed up her chance to stop Mussolini in his exploits through the League, we, in Canada, should serve notice to England that, if she now gets dragged into a war, she need not expect help from Canada. But Canada should put her own house in order, he concluded.

## FURTHER MISSION TO BE HELD HERE

Vancouver Clergy Will Supplement Local Ministers For Three Days

Following up the success of the mis-

sion held recently, Kelowna churches have been encouraged to embark on a further venture. Arrangements have been made to hold a series of meetings next week, at which time the local clergy will be supplemented by Rev. Elbert Paul of the First Baptist Church of Vancouver, and others from that city.

It is expected that a response just as great or even greater will be given to this plan of the churches.

The first meeting will be held on Monday, at 8 o'clock, in the Baptist Church, Ellis Street. On Tuesday, December 1, a women's meeting will be held at 3 o'clock; with a young people's gathering, open to older persons as well, at 8 o'clock. Both of these services will be in the Anglican Church. The third day of the mission takes place in the United Church, with a women's meeting at 3 o'clock and the closing meeting at 8 o'clock.
